MD Anderson Research Project Parent Consent Required for Participation

**Last
Call!**

Dear Parents and Students,

Westside High School and HISD is participating in a social science research project run by MD Anderson Cancer Center entitled, “Surgeons of the Future: do high school students possess the personality traits and grit to train to be a surgeon?”

This is a population study that will compare the personality and grit traits between current high school students and actively practicing surgeons. In the long term, the primary investigator Dr. Mara Antonoff, an Associate Professor of Thoracic and Cardiovascular Medicine, and researcher Lyndon Walsh are looking for ways to develop pipeline programs for high school students leading into medicine.

The more participants we have, the better!

Who can participate?

- High school students ages 14-18
- Students with an internet connection (Laptop/Phone)

What does participation require?

After signing the parental consent waiver, please return it to Ms. Nassab (Barbara.Nassab@houstonisd.org) via email. Your child will then receive an email containing an electronic link allowing them to complete the survey.

How long does it take?

The survey takes no more than 10 minutes to complete.

What data will be taken?

The data is 100% anonymous and protected. Basic demographics information, personality traits, and grit traits will be collected.

If you would like to participate, please return this

[PARENTAL CONSENT FORM](#)

by October 25, 2021 to Barbara.Nassab@houstonisd.org

Wolf Band: Strong Performance at UIL

Congratulations to the Westside Wolf Band for a strong showing at their UIL Competition last week. All three judges rated our Wolf Band as "EXCELLENT" for their performance of Mirage2021. Way to go, Wolf Band (especially considering only about half of the members have previous marching experience due to last year's pandemic cancellations.) We are already looking forward to growing and building for next year!

IT'S A GREAT DAY TO BE A WOLF!

T-Pro Wraps Up *Doublewide, Texas*

Congratulations to Westside's Theatre Production program on their successful season opener, "Doublewide, Texas". Audiences were treated to great performances by the cast and crew under the direction of Ms. Cramer and Mr. Barron. We look forward to seeing what's up next!

Dreamers Summit Hosted at Westside

Westside recently hosted the HISD College Readiness Department's "Dreamers Summit". Students learned how to apply to college and how to receive college funding. With the largest number of participants, Westside was selected as host campus for the district-wide event. For more information about applying to college and applying for financial aid, students may visit our College Center in A205.

Westside vs. Lamar

Not the end result we had hoped for on “Pink Out” Night, but the Wolves showed grit and resilience on Saturday, despite lightning delays and rainy conditions. Proud of our Wolves!

9th Graders: Interested in Westside's "Futures Academy of Health Sciences"?

Applications are available now for current WHS 9th grade students who are interested in Westside Future's Academy of Health Science. The Futures Academy provides the opportunity for students who are interested in the medical profession to take classes through Houston Community College. Upon successful completion of the program, students will earn an Associates Degree, 60 college credit hours. If interested, apply now at www.HISDChoice.com For more information regarding this impressive program, please contact Dean Stephanie Matlock, SMATLOCK@houstonisd.org For information on how to apply, please contact E. Jane Miller, Westside's Magnet Coordinator and Campus Transfer Analyst.
