Upcoming Testing

TSIA2 Testing

The Texas Success Initiative Assessment 2.0 (TSIA2) is a series of tests for students enrolling in public colleges and universities in Texas. The tests help Texas schools determine whether a student is ready for college-level courses in the areas of reading, writing, and math.

Not all Texas college students have to take TSIA2. If your student has met college readiness standards on a standardized test like the SAT, they may be [exempt](#). NOTE: SAT Scores are available in your student's [College Board](#) account.

If your student is NOT exempt, they can [sign up here](#). The sign up is for notification only, not the test date. Test dates will be available throughout the semester; please see your dean for details.

SAT School Day

SAT® School Day allows states, districts, and schools to offer juniors the opportunity to take the SAT during their regular school day at their home school, expanding access to a globally recognized college admission test.

- Test Date: Wednesday, March 22, 2023
- Audience: All 11th grade students
- No registration necessary

FREE

Click here for [more information about the test](#) and here for [practice opportunities and sample questions](#).
