November TSIA2 Testing at Westside High School for Seniors

The Texas Success Initiative Assessment 2.0 (TSIA2) is a series of tests for students enrolling in public colleges and universities in Texas. The tests help Texas schools determine whether a student is ready for college-level courses in the areas of reading, writing, and math.

The TSIA, or one of its exemptions, has been required of Texas students entering a Texas college or university for nearly ten years. The TSIA is administered through the College Board's Accuplacer digital platform.

If students are not ready for college-level courses, the tests help determine what types of courses or intervention will best prepare them for college-level work. TSIA2 tests are taken on their school-issued computer and, depending on school policy, results will be available immediately after they finish the test.

Not all Texas college students have to take TSIA2. If your student has met college readiness standards on a standardized test like the SAT, they may be [exempt](#). NOTE: SAT Scores are available in your student's [College Board](#) account.

If your student is NOT exempt, they can [sign up here](#). The sign up is for notification only, not the test date. There are sample questions and practice tests available [here](#). Students should review these and complete the **mandatory preassessment activity** (found using the provided link) prior to arriving for their appointment. They should log in using their Accuplacer account information, and if they do not have an account, they will need to register for one.

Once the preassessment is complete, students will receive a Certificate of Completion that will be used as their entry ticket to the TSIA appointment. Certificates should be emailed to aturner1@houstonisd.org.

For more information, please see your Dean.
