## Why Take the TSIA2?

### TSIA2 Testing

The Texas Success Initiative Assessment 2.0 (TSIA2) is a series of tests for students enrolling in public colleges and universities in Texas. The tests help Texas schools determine whether a student is ready for college-level courses in the areas of reading, writing, and math.

Not all Texas college students have to take TSIA2. If your student has met college readiness standards on a standardized test like the SAT, they may be [exempt](#). NOTE: SAT Scores are available in your student's [College Board](#) account.

If your student is NOT exempt, they can [sign up here](#). The sign up is for notification only, not the test date. Test dates will be available throughout the semester; please see your dean for details.

**Wolves!**

## TOP 10 REASONS TO TAKE TSIA2

1. When you pass TSIA MATH/ELAR, you do not have to take remedial courses in college
2. Save Money
3. Save Time
4. Comfort: Test here at Westside--familiar environment
5. Convenience: Multiple dates, multiple opportunities
6. Results are good for 5 Years
7. Get the support you need & prepare here at Westside
8. Results are accepted by any Texas state-funded school
9. Peace of mind: One less thing to worry about as you decide on next steps
10. Confidence: know you are ready for college, career and LIFE!

## School News

**Westside's FRC Robotics Club** - Our FRC team 2587, the DiscoBots, which is a collaboration of students from across the Houston Area encompassing Westside, Lamar & Carnegie High Schools, had outstanding success last weekend. We are also honored to receive two awards this season, the Engineering Inspiration and the Sustainability Award at their two events.

Westside students, especially Senior Aya Aljanabi and Juniors Siddharth Agarwala, Gregory Kurniawan and Adrien Chew have made significant contributions to our team's success this year.

We are very thankful for the guidance of DiscoBots Mentors who added the fuel to the fire that our students have for fun learning. Our FRC Club teacher sponsor, Mr. Resendez, has helped the team with his full support throughout the year by helping them with tools after school, driving them to weekend meetings at Lamar, and to faraway Competitions. Congratulations, Go Wolves!

**Engineering Inspiration Award** is the second-highest award which celebrates outstanding success in advancing respect and appreciation for engineering within a team's school or organization and community. This was given to our FIRST Robotics team at the Channelview FIRST in Texas District Event on March 12th.

**Sustainability Award** celebrates and recognizes a team that has developed a sustainable program in order to define, manage, and achieve the team's ongoing objectives. This team embraces a whole community focus for building their legacy. This was given to our FIRST Robotics team at the Houston FIRST in Texas District Event on March 25th.
