Meet Your Dean

How to Access STAAR Results

To view a student's STAAR results, parents can visit: www.texasassessment.gov and enter the requested information.

If you do not know your student's access code, select the second link ("How do I look up my access code?") and enter student information (Social Security Number, Date of Birth, and First Name). The access code will populate, and you can click on "Go to Login", re-enter the Date of Birth and Student Name and click "LOGIN". Score report will populate.

Also, students will receive access information via their school email account, (Subject: Portal Access Code) which will include the students' Unique Student Access Code and allows them to access the score report.
