SAT Scores

SAT Score Reports Now Available!

Dear Parents & Guardians,

SAT score reports for your student are now available! Students can view their scores by logging into their **College Board account**.

Why SAT Scores Matter

SAT scores are used by colleges and universities to assess a student's readiness for college-level coursework. The SAT also helps identify areas where students are excelling or may need additional support.

The College Board has established **College Readiness Benchmarks** that indicate whether a student is on track for success in college:

- **480 in Evidence-Based Reading and Writing (ERW)**

530 in Math

Students who meet or exceed these benchmarks are more likely to succeed in credit-bearing college courses without the need for remediation.

Encourage your student to review their scores carefully and use this information to help plan for the future—whether that means additional practice, retaking the SAT, or exploring college options.

If your student already has an account, they can log in here:

🔗 www.collegeboard.org

If your student has an account but forgot their login information, they can click “Forgot Username or Password” on the [College Board login page](#).

If they do **not** have an account yet, they can create one by following these steps:

How to Create a College Board Account:

Go to www.collegeboard.org

1. **Click** “Sign Up” (left side of the homepage)
2. **Select** “I am a Student”
3. **Create** a unique username and password
4. **Enter** your full name, email address, and date of birth
5. **Provide** your high school name and graduation year
6. **Review** and confirm your information
7. **Choose** a security question and answer
8. **Accept** the terms and conditions

Complete the process and you're done!

Scan the QR Code to visit College Board:

Encourage your student to review their scores and use this opportunity to plan their next steps toward college and career readiness.

Dear Parents and Guardians,

Thank you for taking the time to complete the 2024–2025 HISD Title I, Part A Parent and Family Engagement Survey. The purpose of this yearly survey is to see how well your child's school partners with you and encourages your family's engagement in your child's education. The survey should take approximately 10 minutes to complete. Your feedback is anonymous. **For your voice to be heard, please submit this survey on or before June 6, 2025, for your child's school.** If you need assistance in completing this survey, please reach out to staff at your child(ren)'s school. Please remember: if all your children attend the same school, you only have to complete one survey. For each school that your child(ren) attend, a survey must be completed.
