A brief explanation of the Construction Manager at Risk process verses the previously used Competitive Sealed proposal system was discussed. It was noted that it is believed that this construction delivery system will mitigate any sub-contractor issues.
3. A presentation of three potential interior color schemes was made by Octavio Cantu of ERO Architects. The options shown were:
 - Option A: Downtown Houston inspired color scheme
 - Option B: Hermann Park inspired color scheme
 - Option C: Houston Skyline inspired color scheme
4. The PAT members selected Option A which received 15 votes. Option B received 1 vote and Option C received 4 votes. PAT Members commented that a color scheme based on only the school colors becomes monotone and was generally undesirable.
