

Yates High School

OVERVIEW

Yates High School, constructed in 1958 in Houston’s Third Ward, provides a comprehensive college preparatory curriculum that features magnet programs in Communications, Maritime, and Health Sciences.

KEY FACTS

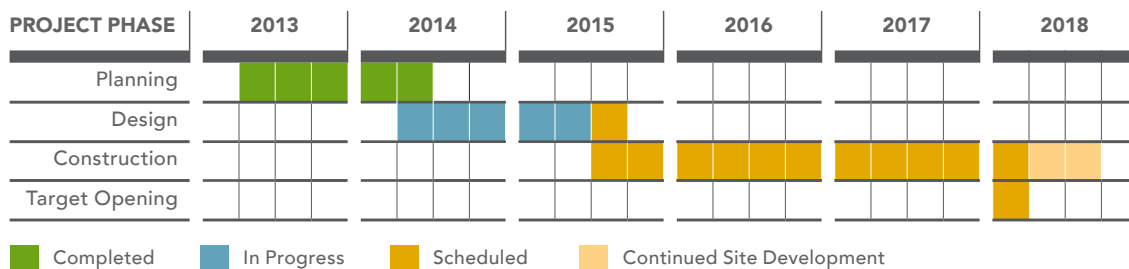

Total Budget: \$59.4 million

Project Type: New school for 1,300-1,500 students

Trustee: Paula Harris

PROJECT HIGHLIGHTS

- 210,000-square-foot building.
- History of Yates High School will be displayed throughout the new campus.
- Design will feature the Yates High School Wall of Fame for athletics and academic history and achievement.
- Main multi-height entry lobby with dual entries from north and south.
- Community spaces for continued connection with surrounding community.
- One-story, high-volume performance wing with auditorium, gymnasium, Fine Arts, JROTC, and athletics.
- Three-story academic wing will feature academic neighborhoods with core learning centers, Career and Technology learning centers, and small-group breakout areas.
- Magnet School of Communications will feature new radio and television stations.
- Five academic neighborhoods with Career and Technology programs, including: Transportation (Logistics/ Maritime); Arts (A/V Production and A/V Architecture & Construction Technician); Graphic Design and Production; and Health Sciences.
- Exterior of building is a material contrast between solid concrete as a base and metal accent elements throughout the facade, and large glazing elements anchored in strategic locations.

The screenshot shows the HISD Building Programs website. The main content area features an architectural rendering of a school building. To the right of the rendering is a 'KEY INFORMATION' box with details like budget and location. Below the rendering is a 'Description' section, followed by 'Scope of Work' and 'Project Status'. At the bottom, there is a 'PROJECT PHASE' Gantt chart showing the timeline from 2013 to 2016.
