Happy Summer Students and Parents,

Please complete this Khan Academy course as your summer Packet.

You should begin this course no later than July 1st 2019

Your progress will be taken as a Major Grade on 8/29/19 by midnight and you will not be able to access the course beyond this time.

This course includes prerequisite skills that are required for your success in Pre-Calculus.

The course will require at least 15 minutes per day for the entire summer, **it would be extremely difficult to try to complete the course a week before school.**

If you have any problems understanding the concepts, there are video lessons embedded in the course for each topic.

(When joining, make sure you type the “/join” at the end of the web address)

Assignment will require internet access, if you will not have internet access during the summer, please let your teacher know.
