

## Accepting Updates to Master Courses

Occasionally the Curriculum team will need to make changes to the Master Courses. When this happens, you will see a message at the top of the page that a new version is available. Click the link to update your course to receive the most recent version.

The screenshot shows a notification banner at the top of a page. The banner has a light gray background and a blue border. On the left side, there is a small icon of a document with a checkmark, followed by the text "Update Your Course Page". To the right of this text, a large red arrow points downwards towards a blue button. The button has a white background and contains the text "A new version is available. [Update to new version.](#)". Below the notification banner, there is a section titled "YouTube Embed Videos" with a blue header bar. Below this section, there is a line of text that reads "Remember to turn off the Related videos at the end of a video!".
