**3:00 p.m. — 6:00 p.m.**

**HMW Board Auditorium and Lobby**

**(Come & Go)**

As you prepare to implement interventions on your campus this spring, we are providing you a one-stop opportunity to see a wide variety of interventions available to your school. Some of these will have a cost and some will be free. This would include interventions in the following areas: Academic, Behavioral, Medical Related Services, Parent Education, Vocational Training and Other Social Services. Look for more information to come in January. Please note that specific tutoring vendors invited to participate have been vetted by Curriculum and/or the After School department through existing RFP's and therefore are already approved in the new procurement process.
