

MEMORANDUM

February 29, 2016

TO: Board Members

FROM: Kenneth Huewitt
Interim Superintendent of Schools

SUBJECT: **COLLEGE BOUND REPORT: 2014–2015**

CONTACT: Carla Stevens, Research and Accountability, (713) 556-6700

In 2014, Houston ISD launched its Global Graduate Initiative. The district's and initiative's goal is to ensure that each Houston Independent School District (HISD) student graduates ready for the world. While this is a new initiative, the goal of preparing students to be college and career ready upon graduation is not a new one for the district—HISD has significantly increased participation in college readiness and entrance assessments since 2009.

This College Bound Report provides a brief synopsis of HISD participation in and performance of college-bound students on the 2014–2015 administrations of the Readiness assessment, the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT), the SAT, ACT, Advanced Placement (AP) Exams, and International Baccalaureate (IB) exams. Data for HISD students enrolled in dual credit courses and in college are also presented. To see additional historical trends and expanded data disaggregated by demographic student group, assessment-specific reports can be found on HISD's Research and Accountability website at <http://www.houstonisd.org/Domain/8269>.

Key Findings:

- **More HISD high school students are taking college readiness and entrance assessments than did so two years ago.** While participation *rates* in PSAT/NMSQT, SAT, and ACT, AP and IB have remained relatively flat over three years, because of the increase in the number of students enrolled in the district, **more students are taking these assessments.**
- **Performance on these exams has remained relatively stable.** Mean scores in 2014–2015 have not varied significantly from those in 2012–2013, except in the case of PSAT/NMSQT where there has been a slight decline. The proportion of students who met College and Career (CCR) Readiness Benchmarks in Readiness increased between 2012–2013 and 2014–2015. There have also been **improvements in the proportion of students meeting CCR Benchmarks** in PSAT/NMSQT, though proportions of meeting CCR among students who took the SAT, ACT, and AP have remained flat.
- **Enrollment in dual credit courses remains popular among HISD students.** More than half of the students enrolled in grades 11–12 have completed a dual credit course; indicating that HISD juniors and seniors are prepared for college-level work. As a result, more HISD students are enrolling in higher education than before, and earning postsecondary credentials.

Should you have any further questions, please contact Carla Stevens in Research and Accountability at 713-556-6700.

COLLEGE-BOUND ASSESSMENT REPORT

2014–2015

Executive Summary

In 2014, Houston ISD launched its Global Graduate Initiative. The district's and initiative's goal is to ensure that each HISD student graduates ready for the world. The profile of an HISD Global Graduate is one of a leader, a skilled communicator, adaptable & productive, a critical thinker, a responsible decision maker, and a college-ready learner. While this is a new initiative, the goal of preparing students to be college and career ready upon graduation is not a new one for the district. That's why HISD has significantly increased participation in college readiness and entrance assessments since 2009 with the implementation and expansion of programs such as SAT School Day and funding both the cost of PSAT exams to sophomores and AP Exams to all students.

This report provides a brief analysis of Houston Independent School District (HISD) participation in and performance of college-bound students on the 2014–2015 administrations of the ReadStep assessment, the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT), the SAT, ACT, Advanced Placement (AP) Exams, and International Baccalaureate (IB) exams. Data for HISD students enrolled in dual credit courses and in college are also presented.

More HISD high school students are taking college readiness and entrance assessments than did so two years ago. While participation rates in PSAT/NMSQT, SAT, and ACT, AP and IB have remained relatively flat over three years, because of the increase in the number of students enrolled in the district, more students are taking these assessments.

Performance on these exams has remained relatively stable. Mean scores in 2014–2015 have not varied much from those in 2012–2013, except in the case of PSAT/NMSQT where there has been a slight decline. The proportion of students who met College and Career (CCR) Readiness Benchmarks in ReadStep increased between 2012–2013 and 2014–2015. There have also been improvements in the proportion of students meeting CCR Benchmarks in PSAT/NMSQT, though proportions of meeting CCR among students who took the SAT, ACT, and AP have remained flat.

Enrollment in dual credit courses remains popular among HISD students. More than half of the students enrolled in grades 11–12 have completed a dual credit course; indicating that HISD juniors and seniors are prepared for college-level work. As a result, **more HISD students are enrolling in higher education than before, and earning postsecondary credentials.**

AT HISD, OUR GOAL IS FOR
EVERY STUDENT TO GRADUATE
READY FOR THE WORLD.

Introduction and Purpose

This report provides a brief analysis of Houston Independent School District (HISD) participation in and performance of college-bound students on the 2014–2015 administrations of the Readiness assessment, the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT), the SAT, ACT, Advanced Placement (AP) Exams, and International Baccalaureate (IB) exams. Data for HISD students enrolled in dual credit courses and in college are also presented.

Presented below is a brief summary of previously-published HISD reports on student performance. In order to view the detailed reports on each assessment that disaggregates data by demographic student group and campus and provides state and national comparisons, please visit HISD's Research and Accountability website at <http://www.houstonisd.org/Domain/8269>. **Appendix A** offers a brief summary of the various assessments and how they compare and contrast. Campus profiles of participation and performance in each assessment can also be found at the end of this report.

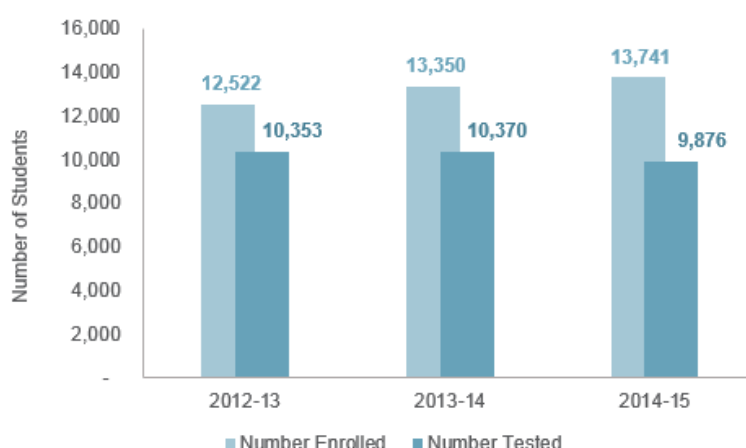

Readiness

The Readiness assessment from the College Board is a low-stakes middle school assessment which serves as the first step on the "College Readiness Pathway" preparing students for the PSAT/NMSQT and for the SAT. Readiness has three sections: Critical Reading, Mathematics, and Writing. Readiness has been discontinued following the 2014–2015 academic year; the new PSAT 8/9 will take its place for 2015–2016 and beyond.

How many students participated in Readiness?

The fifth administration of Readiness took place in October 2014. A total of 9,876 eighth-graders (72%) took the assessment, which reflects an eleven percentage-point **decline** from the proportion of eighth-graders who took Readiness in 2012–2013 (83 percent) (**Figure 1**).

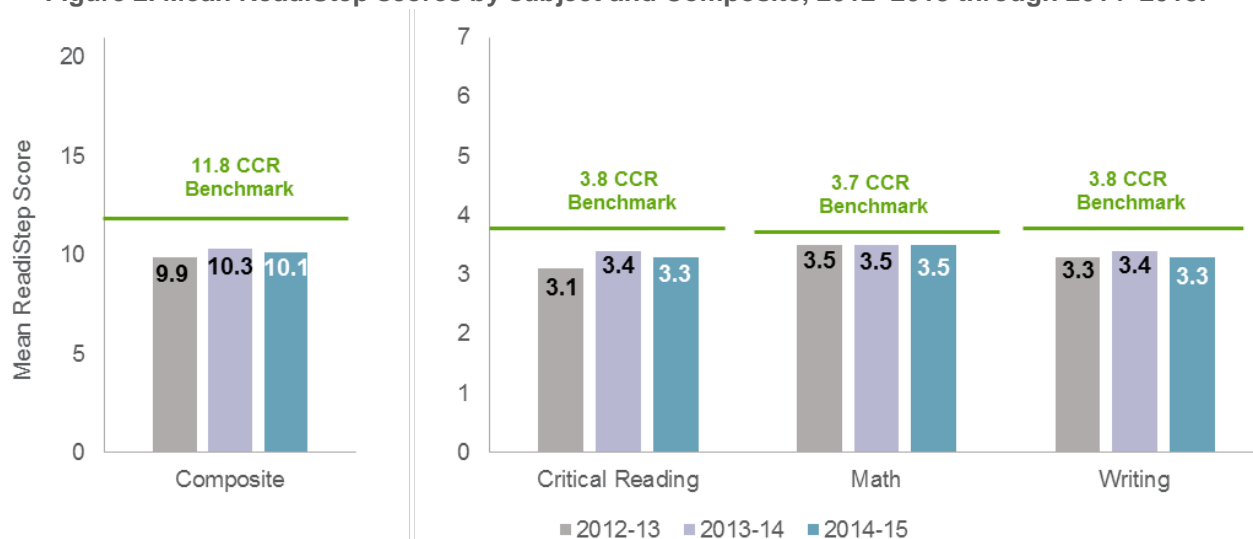

Figure 1. Number of 8th graders enrolled and who took the Readiness assessment, 2012–2013 through 2014–2015.

Source: PEIMS; HISD PSAT/NMSQT Reports 2012–13, 2013–14, 2014–15

How well did students perform on Readiness?

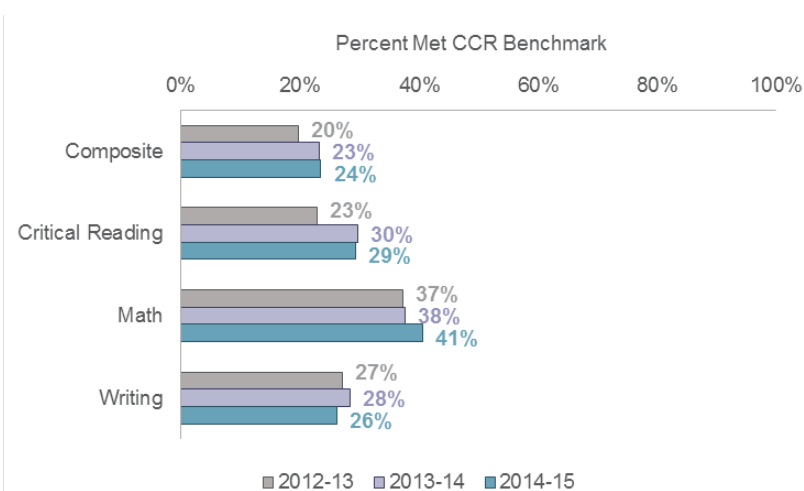

The maximum score for each Readiness subject is 7 and for the Composite is 21. Students who took Readiness in 2014–2015 performed nearly the same as students in 2013–2014 and 2012–2013 (**Figure 2, p. 3**). Scores have remained flat for about three years. Students tend to perform slightly better on Math than on Critical Reading or Writing.

Figure 2. Mean ReadStep scores by subject and Composite, 2012–2013 through 2014–2015.

Source: HISD PSAT/NMSQT Reports 2012–13, 2013–14, 2014–15

Note: The CCR Benchmark for Composite is 11.8, for Critical reading is 3.8, for Math is 3.7, and for Writing is 3.8.

The College Board assigns College and Career Readiness (CCR) Benchmarks for students who take ReadStep in the eighth grade. This is the score that eighth-grade students should meet or exceed to be considered on track to be college ready. The CCR Benchmark for Composite scores is 11.8, for Critical Reading is 3.8, for Math is 3.7, and for Writing is 3.8. **Figure 3** shows the proportion of students who met each CCR Benchmark in 2012–2013 through 2014–2015. Nearly one out of four students who took the assessment in 2014–2015 met the Composite CCR Benchmark—this is a four percentage-point **increase** from three years ago. Students were more likely to meet the CCR Benchmark for Math than for Writing.

Figure 3. Percent of students who met CCR Benchmark on ReadStep by subject and composite, 2012–2013 through 2014–2015.

Nearly one out of four students who took the ReadStep assessment in 2014–2015 met the CCR Benchmark.

Source: College Board ReadStep summary reports and student data files 2012–13, 2013–14, 2014–15

Note: The CCR Benchmark for Composite is 11.8, for Critical reading is 3.8, for Math is 3.7, and for Writing is 3.8.

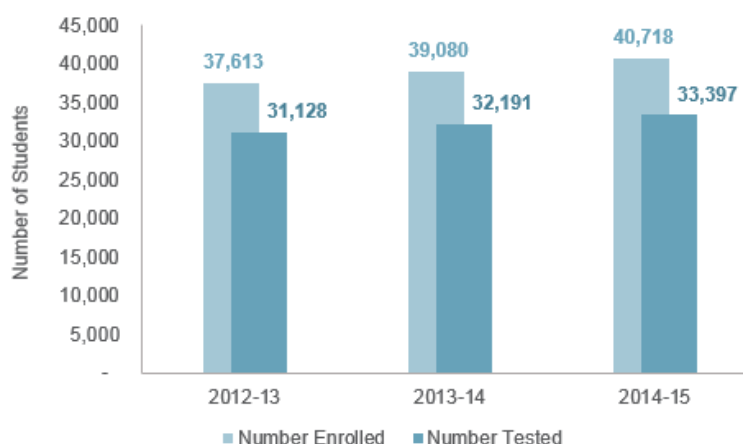

Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT)

The Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT), which is a national examination administered in October of each year by the College Board, measures Critical Reading, Mathematics, and Writing skills. The PSAT/NMSQT serves as preparation for the SAT. An important benefit is that the PSAT/NMSQT serves as a qualifying examination for numerous scholarship programs that are sponsored by corporations, colleges and universities, and other organizations, including the National Merit scholarships. Students are able to qualify for these scholarships depending on the score they earn when they take the exam in their junior year, however, students are encouraged to take the PSAT even as freshmen and sophomores. HISD provides funding so that all freshmen and sophomores are able to take the PSAT/NMSQT test for free. Additionally, HISD offers the College Board Early Preparation Program to incoming freshmen in order to prepare them for the SAT and SAT Subject Tests. Students also received personalized feedback on their command of the skills needed to graduate from high school and succeed in college courses.

How many students participated in PSAT/NMSQT?

Figure 4 shows that almost 33,400 HISD students took the PSAT/NMSQT in 2014–2015—this figure represents 82 percent of students who were enrolled in grades nine through eleven. Both the number of students enrolled and the number of students who took the exam have **increased** since 2012–2013, thereby maintaining steady participation rates.

Figure 4. Number of 9th–11th-graders enrolled and who took the PSAT/NMSQT assessment, 2012–2013 through 2014–2015.

Source: PEIMS; HISD PSAT/NMSQT Report, 2014–15

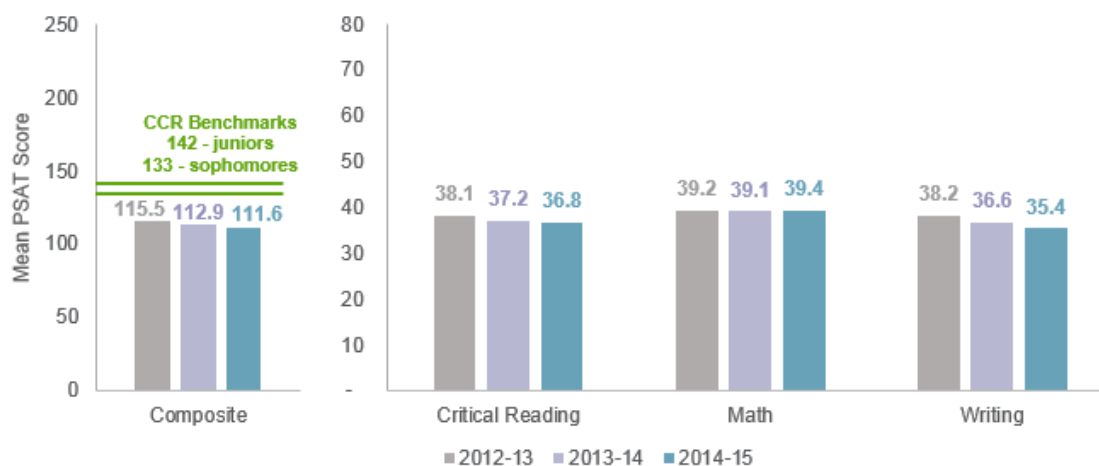

How well did students perform on PSAT/NMSQT?

Figure 5 (p. 5) displays the mean PSAT/NMSQT Composite and subject scores for three years. Each subject on the PSAT/NMSQT is scored from 20 to 80 and Composite scores range from 60 to 240. Figure 5 shows that the average Composite score among students who took the exam in 2014–2015 was 111.6. Consistent with ReadStep data, students tend to score higher on the Math portion of the assessment. Average Composite, Critical Reading, and Writing scores have **declined** slightly each year; average scores for Math have remained flat.

More than one out of five students who took the PSAT/NMSQT in 2014–2015 met the Composite CCR Benchmark.

Figure 5. Mean PSAT/NMSQT scores by subject and composite, 9th–11th graders, 2012–2013 through 2014–2015.

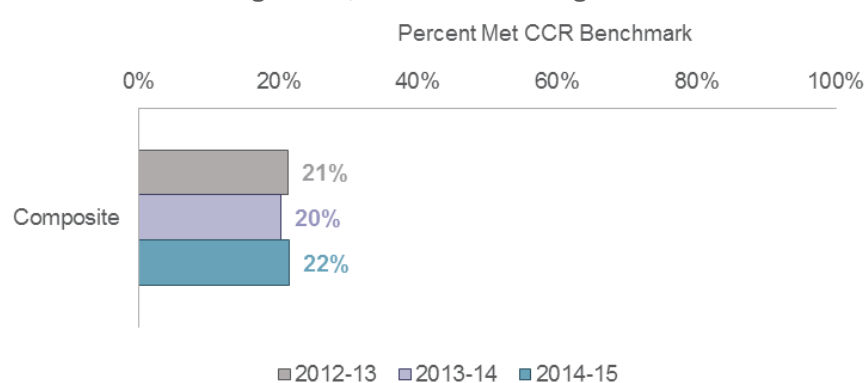

Source: HISD PSAT/NMSQT Report, 2014–15

Note: The Composite benchmark is 133 for sophomores and 142 for juniors.

The College Board also assigns College and Career Readiness (CCR) Benchmarks for students who take the PSAT/NMSQT. This is the score that sophomores and juniors should meet or exceed to be considered on track to be college ready. The CCR Benchmark for Composite scores is 133 for sophomores and 142 for juniors. **Figure 6** shows the proportion of students (both sophomores and juniors combined) who met the benchmark in 2012–2013 through 2014–2015. More than one out of five students who took the assessment in 2014–2015 met the Composite CCR Benchmark—this is a two percentage-point **increase** from the year before.

Figure 6. Percent of students who met CCR Benchmark on PSAT/NMSQT, 10th–11th graders, 2012–2013 through 2014–2015.

Source: HISD PSAT/NMSQT Report, 2014–15

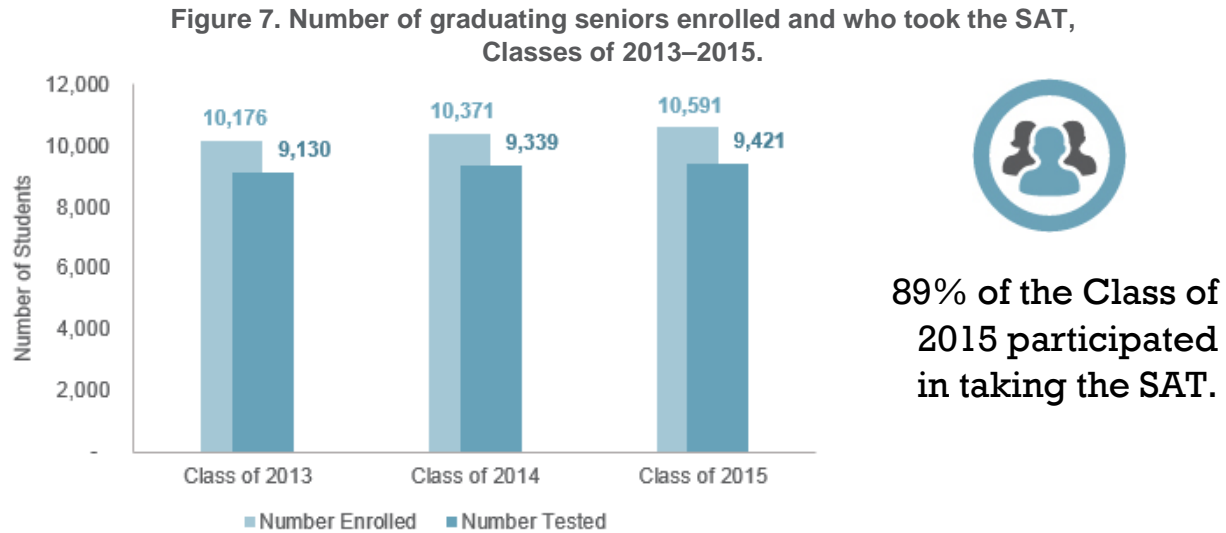

Note: The Composite benchmark is 133 for sophomores and 142 for juniors.

SAT

The SAT is a college-entrance exam and the third in the suite of college readiness assessments developed by the College Board. The SAT is designed to measure developed verbal and mathematical reasoning abilities related to successful performance in college. The test was redesigned for 2005 and included a Writing component. The assessment will change again in March 2016. The test is offered seven times per year and is typically taken by juniors and seniors. The data presented in this section reflect performance of graduating seniors for each year, as self-reported by students to the College Board when they took the exam.

How many students participated in SAT?

Figure 7 shows that almost 9,500 HISD students in the Class of 2015 took the SAT—this represents 89 percent of seniors. In Spring of 2011, HISD implemented a school-day administration of the SAT for all juniors. As a result, the number of students enrolled and the number of students who took the exam have increased since 2012–2013, thereby maintaining steady participation rates.

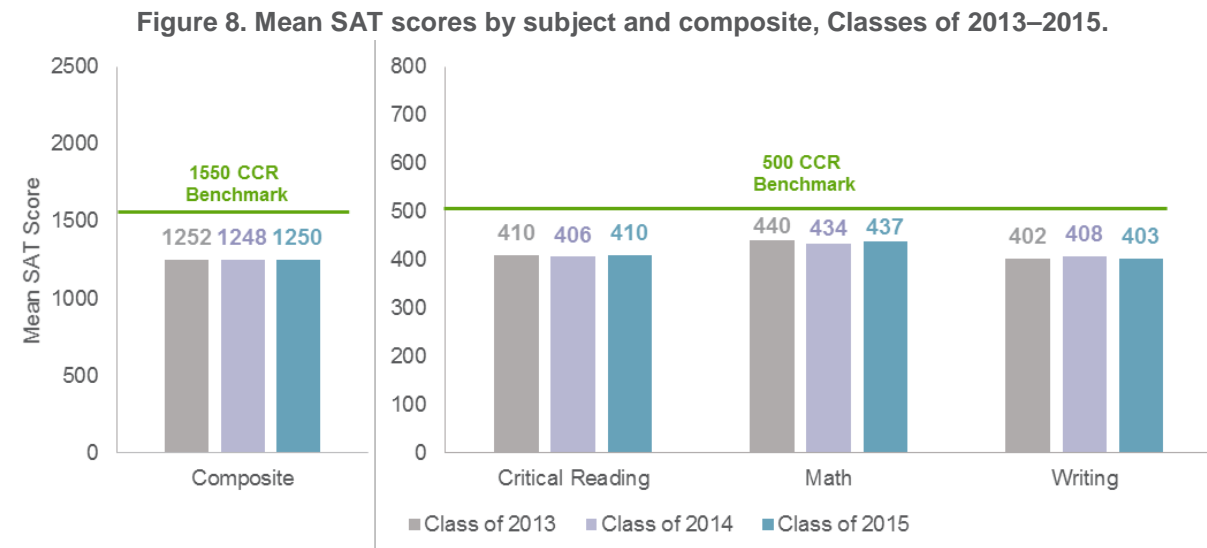

Source: HISD SAT Report, Class of 2015

Note: Students self-reported their graduation date when they took the SAT; if applicable, SAT School-Day results included in counts above.

How well did students perform on SAT?

Each subject on the SAT is scored from 200 to 800 and Composite scores range from 600 to 2400. **Figure 8** shows that the average Composite score among the Class of 2015 was 1250. Consistent with ReadStep and PSAT/NMSQT data, students tend to score higher on the Math portion of the assessment. Average Critical Reading, Math, and Writing scores for the Class of 2015 have remained flat compared those for the Class of 2013.

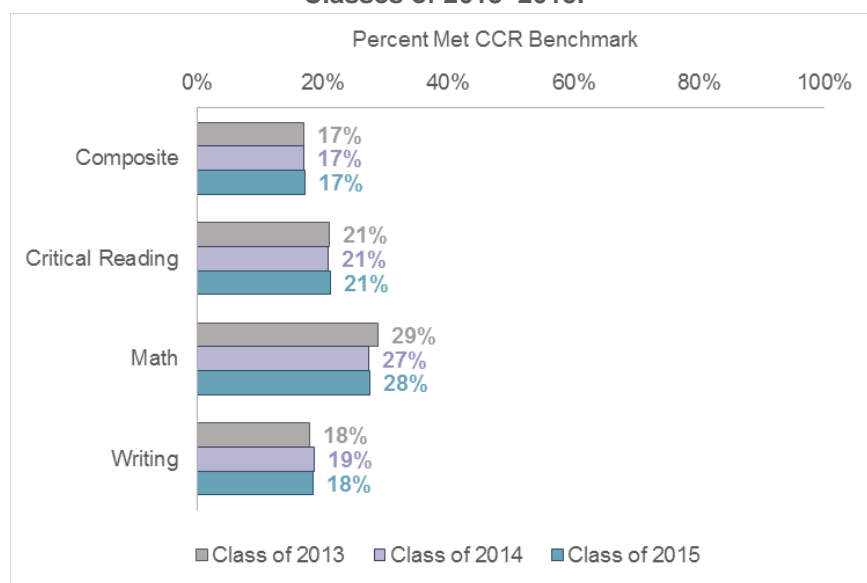

Source: HISD SAT Report, Class of 2015

Note: The CCR Benchmark for Composite scores is 1550 and for each subject is 500.

The College Board also assigns College and Career Readiness (CCR) Benchmarks for students who take the SAT. This is the score that students should meet or exceed to be considered on track to be college ready. The CCR Benchmark for Composite scores is 1550 and for each subject is 500. **Figure 9** shows the proportion of students who met the CCR Benchmark among the Classes of 2013 through 2015. Less than one out of five students in the Class of 2015 met the Composite CCR Benchmark—this is the same proportion for the Classes for the previous two years. Students were more likely to meet the CCR Benchmark for Math and less likely to meet it for Writing.

Figure 9. Percent of students who met CCR Benchmark on SAT by subject and composite, Classes of 2013–2015.

Source: HISD SAT Report, Class of 2015

Note: The CCR Benchmark for Composite scores is 1550 and for each subject is 500.

Less than 20 percent of the Class of 2015 met the SAT Composite CCR Benchmark.

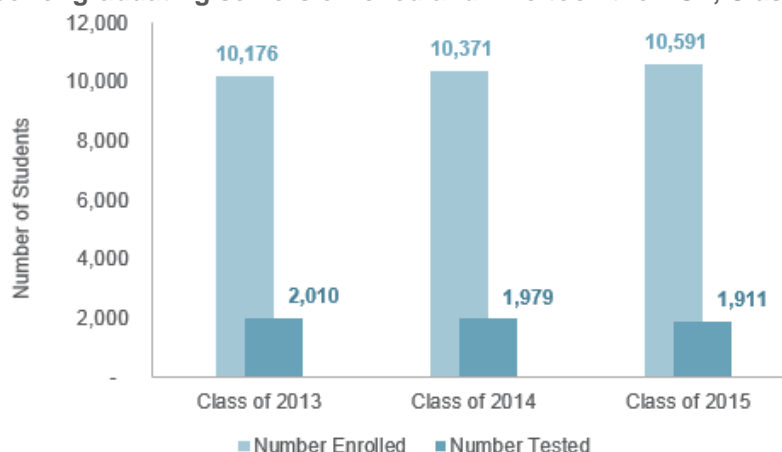

ACT

The ACT is a college admissions exam in which there are four subjects tested: English, Math, Reading, and Science. The ACT is offered six times per year and is typically taken by juniors and seniors. The data presented in this section reflect performance of graduating seniors for each year, as self-reported by students when they took the exam.

How many students participated in ACT?

The ACT is not as popular among HISD students as the SAT. **Figure 10** indicates that approximately 18 percent of the Class of 2015 took the ACT. This participation rate is one percentage point lower than that of the Class of 2014 (19 percent) and almost two points lower than that of the Class of 2013 (20 percent).

Figure 10. Number of graduating seniors enrolled and who took the ACT, Classes of 2013–2015.

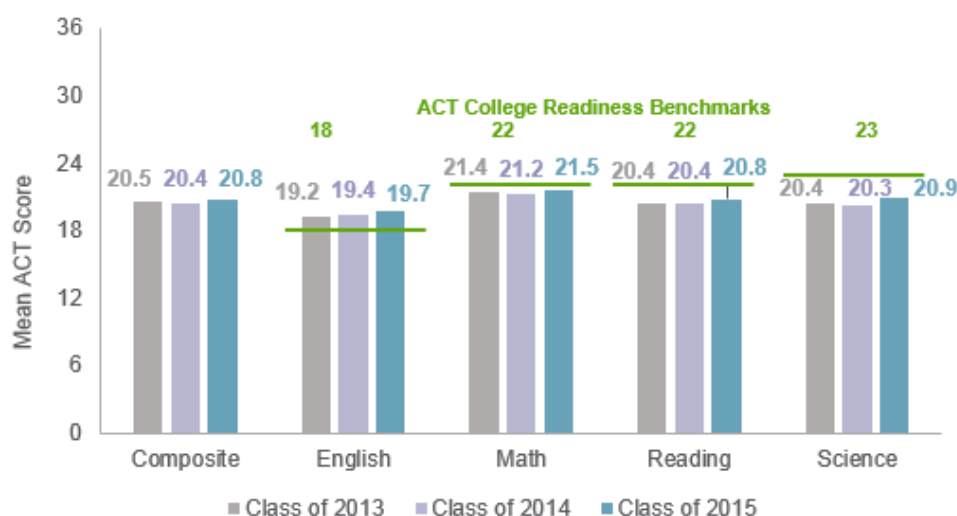

Source: HISD ACT Report, Class of 2015

How well did students perform on ACT?

Each subject on the ACT is scored from 1 to 36 and Composite scores are an average of scores earned on the four subjects. **Figure 11** shows that the average Composite score for the Class of 2015 was 20.8. Average Math scores were highest and English scores were lowest. Average scores across all subjects for the Class of 2015 have remained relatively flat compared to those for the Class of 2013.

Figure 11. Mean ACT scores by subject and composite, Classes of 2013–2015.

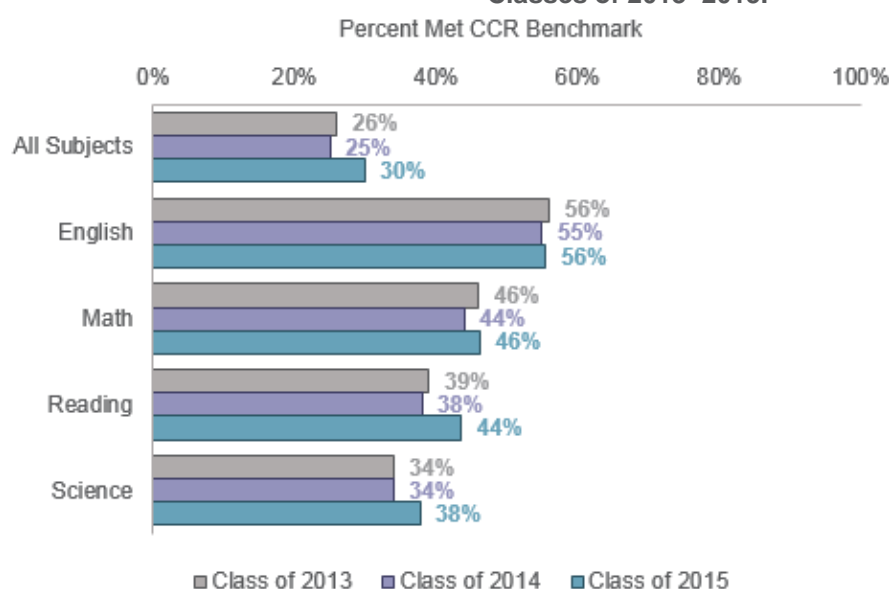

Source: HISD ACT Report, Class of 2015

Note: ACT College Readiness Benchmarks are 18 in English, 22 in Math, 22 in Reading, and 23 in Science.

The ACT has also identified College Readiness Benchmarks indicating college and career readiness. A student is considered to be ready to succeed after high school if a student earns or exceeds scores of 18 in English, 22 in Math, 22 in Reading, and 23 in Science. **Figure 12** shows the proportion of students who met College Readiness Benchmarks on all four subjects and each subject from the Classes of 2013 through 2015. Three out of ten students in the Class of 2015 met the Composite Benchmark—this rate is higher than that of the Classes for the previous two years. In general, students were more likely to meet the Benchmark for English and less likely to meet the Benchmark for Science.

Figure 12. Percent of students who met CCR Benchmark on ACT by subject and composite, Classes of 2013–2015.

The percent of HISD graduates who met CCR Benchmarks on all four ACT subjects increased by five points in one year in 2014–15.

Source: HISD ACT Report, Class of 2015

Note: ACT College Readiness Benchmarks are 18 in English, 22 in Math, 22 in Reading, and 23 in Science.

Advanced Placement (AP)

The College Board's Advanced Placement (AP) Program provides participating high school students with the opportunity to take college-level courses and earn college credit, advanced placement, or both. A possible 36 examinations in Arts, AP Capstone (new for 2014–2015), English, History & Social Science, Math & Computer Science, Sciences, and World Languages & Cultures are administered in May. The Advanced Placement (AP) Program represents a critical element in HISD's efforts to inject rigor into the high school classrooms. Since 2009, the AP course offerings in HISD have been vastly expanded, with more campuses offering a wider selection of AP courses that exposes a larger percentage of the high school population to academic rigor.

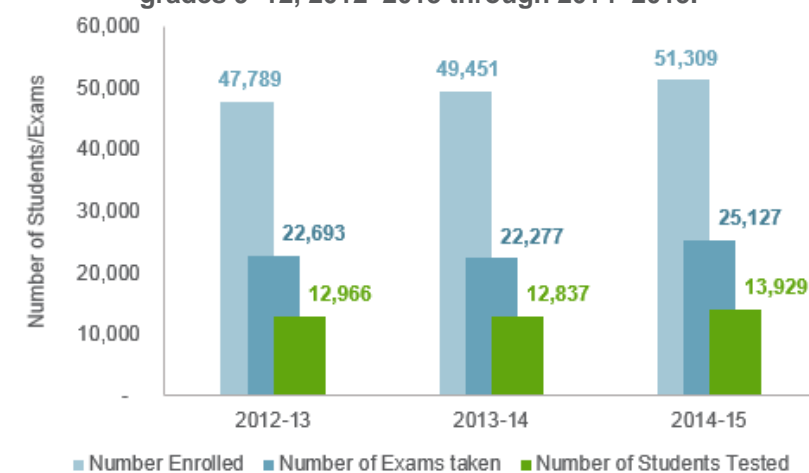

How many students participated in AP Exams?

Figure 13 (p. 10) shows the number of students enrolled in grades 9–12, the number of AP Exams taken by students in high school, and the number of high school students who took at least one AP Exam. The number of HISD students who took AP Exams and the number of AP Exams students took have **increased** between 2012–2013 and 2014–2015. About 27 percent of high school students in 2014–2015 took an AP Exam—a rate similar to that in the previous two years. It is important to note that AP Exams are taken most commonly by students enrolled in grades 10–12, though some HISD 8th and 9th graders also participate.

One out of every three AP Exams taken by HISD high school students received a passing score in 2014–2015.

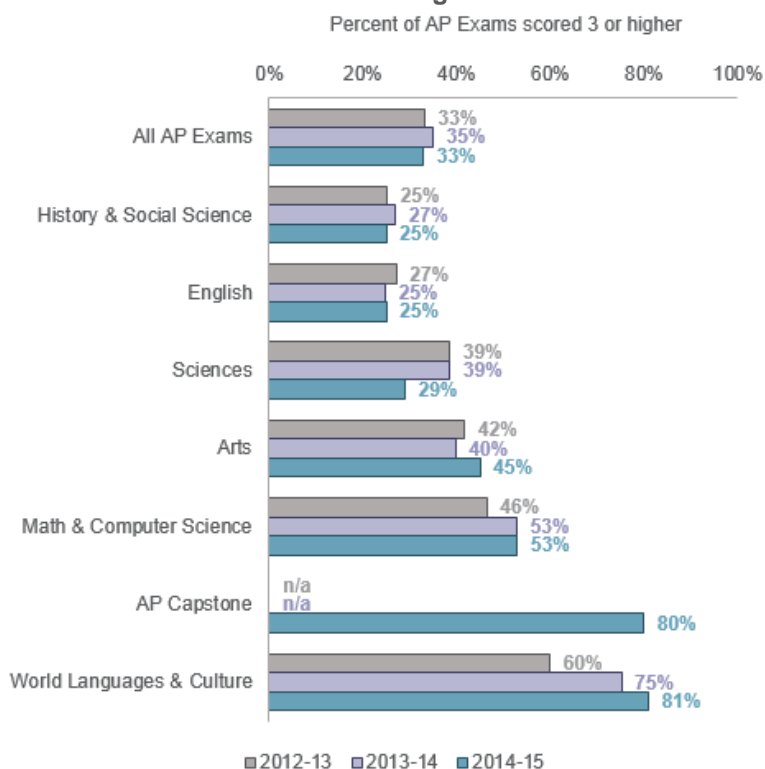

Figure 13. Number of students enrolled, AP Exams taken, and students tested, grades 9–12, 2012–2013 through 2014–2015.

How well did students perform on AP Exams?

Each AP Exam is scored from 1 to 5. Students require a score of 3 or higher to “pass” the AP Exam and potentially earn college credit. **Figure 14** shows the percent of AP Exams that received a score of 3 or higher by subject for the years 2012–2013 through 2014–2015. One out of every three AP Exams received a score of 3 or higher in 2014–2015—this is two percentage-points lower than in the year before but similar to that in 2012–2013. Students who took AP Exams in Arts, Math & Computer Science, AP Capstone, and World Languages & Culture were most likely to earn a score of 3 or higher.

Figure 14. Percent of AP Exams that received a score of 3 or higher by subject, 2012–2013 through 2014–2015.

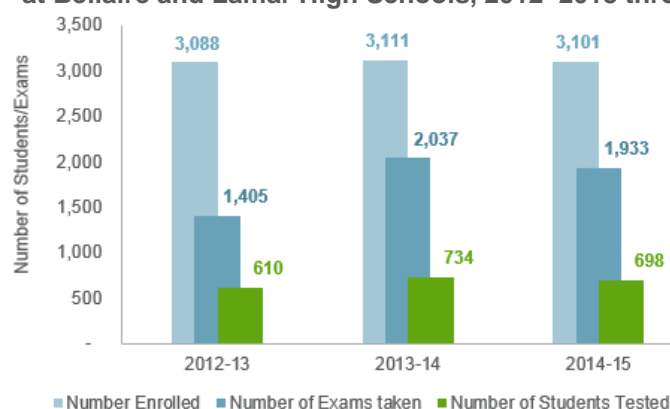

International Baccalaureate (IB)

The IB Diploma Programme is a two-year course of study that prepares students for college. The IB Diploma Programme is recognized and accepted by universities around the world. Similar to the AP program, students with high scores on IB Exams can earn college credit or advanced placement at a college or university. Students participating in the IB Diploma Programme are required to take six exams in the following subjects: Literature, Language, Social Science, Experimental Science, Mathematics, and Art. Students may also choose to take individual IB courses and IB Exams instead of participating in the full degree program.

How many students participated in IB Exams?

Two HISD high schools participated in the IB Programme between 2012–2013 and 2014–2015: Bellaire and Lamar High Schools. The total number of students who took IB Exams increased from 610 students in 2012–2013 to 698 in 2014–2015 (**Figure 15**). Of the two participating schools, Lamar High School has more students who took an IB Exam (in 2014–2015, there were 649 and 49 students who took IB Exams at Lamar and Bellaire, respectively). Approximately 23 percent of juniors and seniors at Bellaire and Lamar took IB Exams in 2014–2015.

Figure 15. Number of students enrolled, IB Exams taken, and students tested, grades 11th–12th at Bellaire and Lamar High Schools, 2012–2013 through 2014–2015.

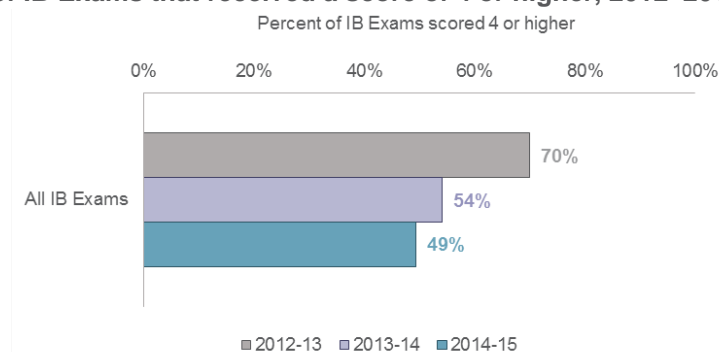

Source: HISD Vanguard Report, 2012–2013, 2013–2014, and 2014–2015

How well did students perform on IB Exams?

Each IB Exam is scored from 1 to 7. Students require a score of 4 or higher to “pass” the IB Exam and potentially earn college credit. **Figure 16** shows the percentage of IB Exams that received a score of 4 or higher for the years 2012–2013 through 2014–2015. One out of every two IB Exams received a “passing” score in 2014–2015—this is a 21 percentage-point decline from 2012–2013 (70 percent). Almost 78 percent of IB students tested at Bellaire scored 4 or higher on IB exams compared to 48 percent at Lamar.

Figure 16. Percent of IB Exams that received a score of 4 or higher, 2012–2013 through 2014–2015.

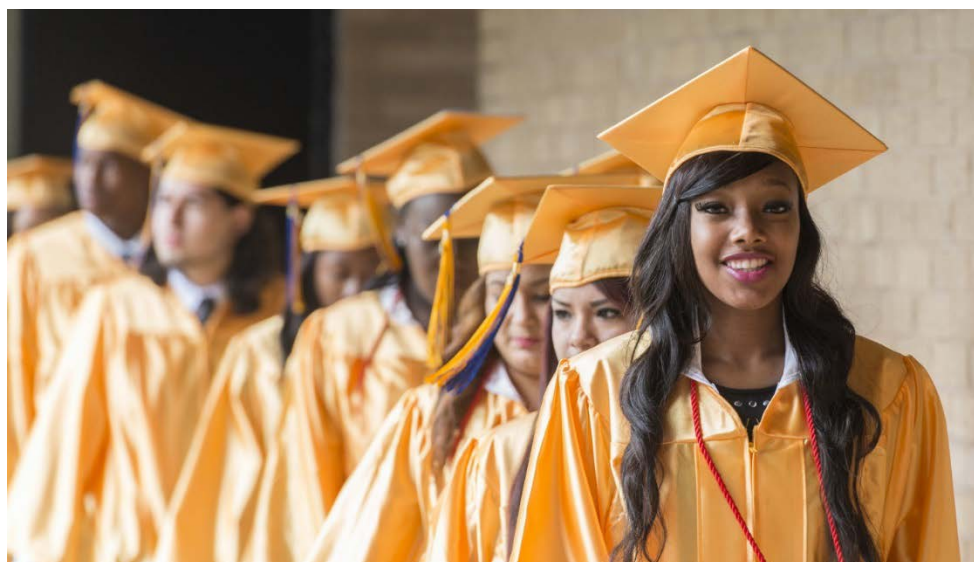

Source: HISD Vanguard Report, 2012–2013, 2013–2014, and 2014–2015

One out of every two IB Exams taken by HISD Students received a score of 4 or higher in 2014–2015.

Dual Credit Enrollment

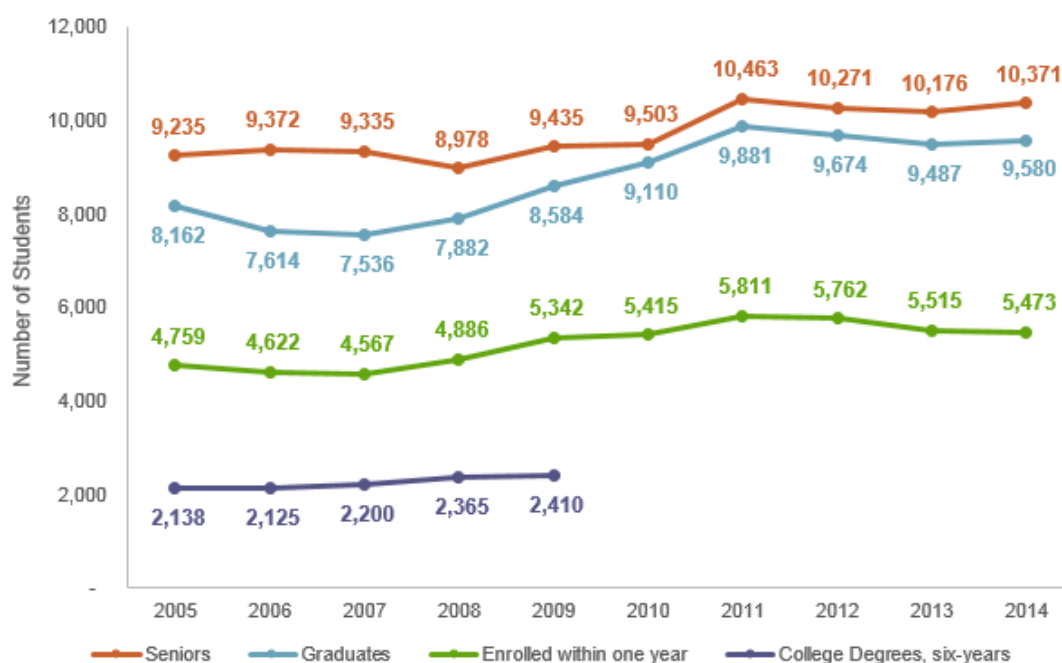

In addition to the use of assessments, college readiness can also be determined through enrollment in and completion of dual credit courses. A dual credit course is a college course taken by a high school student where the student earns both college and high school credit, which saves the student money and time toward college degrees before finishing high school. Students must meet certain eligibility requirements in order to participate. Students who enroll and perform well in dual credit courses are not only college-ready but also are college-proven. In 2013–2014, more than half (56 percent) of students enrolled in HISD in grades 11 and 12 had completed at least one dual credit course in any subject (Texas Education Agency Texas Academic Performance Report, 2015).

Postsecondary Enrollment

The number of HISD graduates who enroll in college within one year of graduating from high school has increased by 15 percent to 5,473 from 4,759 between the Class of 2014 and 2005, respectively (**Figure 17**). Approximately 57 percent of the Class of 2014 enrolled in college within one year of graduating from high school. Among those who enroll in college, 45 percent of the Class of 2009 had earned a postsecondary credential (i.e., certificate, associate or baccalaureate degree) within six years.

Figure 17. Number of HISD students who enrolled in college and earned a credential, Classes of 2005–2014.

Source: National Student Clearinghouse, August 15, 2015 snapshot

Conclusion

In 2014, Houston ISD launched its Global Graduate Initiative. The district's and initiative's goal is to ensure that each HISD student graduates ready for the world. The profile of an HISD Global Graduate is one of a leader, a skilled communicator, adaptable and productive, a critical thinker, a responsible decision maker, and a college-ready learner. While this is a new initiative, the goal of preparing students to be college and career ready upon graduation is not a new one for the district. That's why HISD has significantly increased participation in college readiness and entrance assessments since 2009 with the implementation and expansion of programs such as SAT School Day and funding both the cost of PSAT exams to freshmen and sophomores and AP Exams to all students.

These assessments measure a variety of skills and competencies, the mastery of which have proven to correlate with student success in both college and career. For example, research from ACT found that students who meet ACT College Readiness Benchmarks are less likely to require remediation than those who do not meet the Benchmarks; students who meet Benchmarks are also more likely to enroll in college immediately after graduation, return for a second year, and perform well in college coursework (ACT, 2010). Furthermore, the College Board discovered that students who meet or exceed readiness standards on both SAT and AP tend to enroll in college, especially four-year universities, at a higher rate than those who did not meet CCR Benchmarks (Wyatt et al, 2011). These assessments also help to track student preparation and progress. While Readiness Step has been discontinued after 2014–2015, the exam helps outline areas in which students might require additional support and areas in which students have demonstrated proficiency. Such feedback can help students focus their efforts and develop critical skills. The new PSAT

8/9 which will take Readiness's place in the suite of assessments offered by the College Board will continue to aid students early on and prepare them for critical exams such as PSAT/NMSQT and SAT.

Definitions of college readiness are quickly encompassing more than just a score on one assessment. In fact, to be considered both college and career ready, students may demonstrate performance on the State of Texas Assessments of Academic Readiness End-of-Course assessments (STAAR EOC), Texas Success Initiative (TSI), SAT, or ACT. Another way to prove college readiness is to take Dual Credit courses which provide students with both high school and college credit upon course completion—approximately half of HISD students enrolled in 11th and 12th grade completed a dual credit course in 2013–2014.

As the key findings of this report indicate, more HISD students are taking college readiness and entrance assessments. While there has been an increase in participation, performance on these assessments has remained mostly flat. To see additional historical trends and the data disaggregated by demographic student group, visit HISD's Research and Accountability website at <http://www.houstonisd.org>.

In addition to increased participation in college readiness assessments, more HISD students are also enrolling in and graduating from college or university. While enrollment rates have remained relatively flat, due to the increase in the number of HISD students and seniors, coupled with the increase in graduation rates, more HISD students are pursuing higher education. As readiness rates increase, the number of HISD students with a college credential will also increase, as more students find themselves equipped to succeed in postsecondary education.

Appendix A – Review of Assessments

	READISTEP	PSAT/NMSQT	SAT	ACT	AP	IB
Description	The ReadStep assessment from the College Board is a low-stakes middle school assessment which serves as the first step on the “College Readiness Pathway” preparing students for the PSAT/NMSQT and for the SAT.	The Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT) serves as preparation for the SAT and as a qualifying examination for numerous scholarship programs.	The SAT is a standardized college-entrance exam designed to measure verbal and mathematical reasoning abilities related to successful performance in college.	The ACT is college-admission exam that aims to assess both the general educational level of high school students and their readiness for college-level work.	The Advanced Placement (AP) Program provides high school students with the opportunity to take college-level courses and earn college credit through the subsequent AP Exam.	The IB Diploma Programme is an academically-challenging, two-year program that prepares students for success at university and life beyond. Students with high scores on IB exams can earn college credit.
Administration	Fall	October	Seven times per year	Six times per year	May	November and May
Test-takers	Typically 8 th graders, but 9 th graders can also take the assessment.	Most important for juniors, but sophomores and freshmen also take the assessment.	Juniors and seniors	Juniors and seniors	Typically, juniors and seniors, but students enrolled in 8 th –10 th grade can also take AP Exams.	Juniors and seniors
Who is included in this report?	Students who took ReadStep in Fall 2014.	Sophomores and Juniors who took PSAT in Fall 2014.	Students who reported their graduation date as Spring 2015.	Students who reported their graduation date as Spring 2015.	Students who took AP Exams in Spring 2015.	Students who took IB Exams in 2014–2015.
Subjects Tested	Critical Reading Mathematics Writing skills	Critical Reading Mathematics Writing	Critical Reading Mathematics Writing	English Mathematics Reading Science Writing (optional)	36 possible AP Exams in 7 subjects: Arts, AP Capstone, English, History & Social Science, Math & Computer Science, Sciences, and World Languages & Cultures	Literature, language, social science, experimental science, mathematics, art (can be replaced with social science, experimental science, or language).
Scoring	Critical Reading: 1.8–7 Math: 1.5–7 Writing: 1.7–7 Composite: 5–21	Each subject is scored from 20–80. Composite: 60–240	Each subject is scored from 200–800. Composite: 600–2400	Each subject is scored from 1–36. Composite: the average of the four test scores, 1–36.	Each AP Exam is scored from 1–5.	Each exam is scored from 1–7.
College & Career Readiness Benchmark	Composite ≥ 11.8	10 th grade: ≥ 133 11 th grade: ≥ 142	Composite ≥ 1550	English: ≥ 18 Mathematics ≥ 22 Reading ≥ 22 Science ≥ 23	Score ≥ 3	Score ≥ 4
Additional Notes	ReadStep was discontinued following 2014–2015. The new PSAT 8/9 will take its place for 2015–2016 and beyond.	HISD’s “PSAT for All” initiative enables all HISD 9 th and 10 th graders to take the PSAT/NMSQT for free.	HISD funds a school-day administration of the SAT for all juniors.	ACT is most popular in the Mid-west and East Coast of the U.S.	Students may take as many AP Exams as they like. AP course completion is not required.	Two high schools in 2014–2015 have IB data: Bellaire and Lamar. Data for Reagan HS will be released in 2016–2017.
