

HISD MEDIA ADVISORY

HISD to host public meeting to discuss District Annual Report

WHAT: The Houston Independent School District will host a public meeting on March 2, 2023, to explain the 2021-2022 District Annual Report.

A major component of the annual report is the Texas Academic Performance Report (TAPR). An annual report required by the Texas Education Agency, TAPR analyzes student performance, staff, programs, financial reports, and demographics in every school district in Texas. HISD's research and accountability team helps gather the statistical information needed to complete the report.

Under Texas law, every Texas school district must offer an opportunity to discuss the results with the local community. The final 2021-22 TAPR report was published on Dec. 15 and the District Annual Report must be shared during a public hearing within 90 days of its release date. HISD will publish the report on the district's website following the public hearing on March 2.
