

**MEMORANDUM**

August 15, 2019

TO: Board Members

FROM: Grenita Lathan  
Interim Superintendent of SchoolsSUBJECT: **2019 PRELIMINARY TEA ACCOUNTABILITY SYSTEM RATINGS**

CONTACT: Carla Stevens, (713) 556-6700

The attached report provides a summary of 2018–2019 accountability ratings under the A–F system mandated by HB 22. This is the first-year campuses received A–F ratings. The new system is based on three domains, Student Achievement, School Progress, and Closing the Gaps. The district has until September 13<sup>th</sup>, 2019 to submit appeals to TEA if any ratings have been calculated in error.

**Key findings include:**

- Houston ISD received a grade of B based on an overall score of 88 for 2018–2019.
- 250 out of the 271 campuses that were rated (**92%**) were assigned a grade of *D* or higher, while 21 campuses (**8%**) received an *F*.
- 3 out of the 6 campuses (50%) rated Improvement Required last year were assigned a grade of *D* or higher. Two campuses rated Improvement Required last year were closed, and one received a grade of *F*.
- 6 out of the 10 campuses (60%) labeled Not Rated: Harvey Provision last year and were rated Met Standard for the 2016–2017 school year were assigned a grade of *D* or higher.
- 6 out of the 7 campuses (86%) that received a Not Rated: Harvey Provision label last year and were rated Improvement Required for the 2016–2017 school year were assigned a grade of *D* or higher.
- 6 campuses had a calculated scale score at or above 60 but received an overall rating of *F* due to receiving an *F* in three out of the four areas (Student Achievement, School Progress: Academic Growth, School Progress: Relative Performance, or Closing the Gaps) measured.
- 235 campuses were eligible for Distinction Designations. 142 (60% of those eligible) received at least one, while 24 (10% of those eligible) received all eligible Distinctions.

Attached is the complete report. Should you have further questions, please contact Carla Stevens in Research and Accountability at (713) 556-6700.

# Texas Education Agency Preliminary Accountability Ratings Report 2018–2019

The 2019 accountability system uses a performance framework that consists of three domains. Detailed information on each of the three domains, including construction of the domains, scoring tables, minimum size requirements and exclusions can be found in the Texas Education Agency's (TEA) 2019 Accountability Manual which can be downloaded from the [Research and Accountability website](#). TEA's overview is provided in **Appendix A**. The three domains are:

## **Domain 1 – Student Achievement**

Evaluates performance across all subjects for all students, on both general and alternate assessments, College, Career, and Military Readiness (CCMR) indicators, and graduation rates.

## **Domain 2 – School Progress**

Measures district and campus outcomes in two areas: the number of students that grew at least one year academically (or are on track) as measured by STAAR results and the achievement of all students relative to districts or campuses with similar economically disadvantaged percentages.

## **Domain 3 – Closing the Gaps**

Uses disaggregated data to demonstrate differentials among racial/ethnic groups, socioeconomic backgrounds and other factors. The indicators included in this domain, as well as the domain's construction, align the state accountability system with the federal Every Student Succeeds Act (ESSA).

Raw scores in each domain are converted to a consistent scale and weighted to give campuses and districts an overall rating. To receive a rating at or above a *D*, districts and campuses must have an overall rating calculation of at least 60 with 70% of the overall calculation coming from the better outcome of the Student Achievement and School Progress domains and 30% of the calculation coming from the Closing the Gaps domain. In addition, if a campus or district receives less than a scaled score of 60 in three of the four areas (Domain 1, 2A, 2B, or 3), then the highest overall scaled score possible is 59. The domain and overall 2018–2019 ratings are based on the scaled score targets presented in **Table 1**.

**Table 1. 2019 Scaled Score Targets**

Overall Score	Overall Rating
90 – 100	A
80 – 89	B
70 – 79	C
60 – 69	D
0 – 59	F

Houston ISD received a grade of **B** based on an overall score of 88 for the 2018–2019 school year. The district received the scaled scores and corresponding letter grade for the three domains as follows:

- Domain 1 Score: 79      Rating: **C**
- Domain 2 Score: 89      Rating: **B**
- Domain 3 Score: 84      Rating: **B**
- Overall Score: 88      Rating: **B**

Campuses received an A–F letter grade for the first time in the 2018–2019 school year. In prior school years, campuses were either labeled *Met Standard* or *Improvement Required*. **Table 2** shows the number of campuses rated *Improvement Required/F*, *Met Standard/D* or higher, or *Not Rated: Harvey Provision* from 2012–2013 to 2018–2019.

Overall includes paired campuses; paired campuses excluded from Domains 1, 2, and 3

- 18 campuses were identified for **Comprehensive Support and Improvement** for at least one of the following reasons:
  - It was a Title I campus, and its Domain 3 scale score was among the lowest five percent of Title I campuses in the state.
  - Its four-year federal graduation rate was less than 67 percent.
  - It was a Title I campus and was identified for targeted support and improvement for three consecutive years for the same student group(s). (Does not apply as campuses were identified for Targeted Support and Improvement for the first time this year.)
  - Was identified as a Comprehensive Support and Improvement campus last year for one of the above three reasons.
- 112 campuses were identified for **Targeted Support and Improvement** for having at least one student group in Domain 3 that missed the targets in the same three indicators for three consecutive years and weren't already identified for **Comprehensive Support and Improvement**.
- 22 campuses were identified for **Additional Targeted Support and Improvement** for having at least one student group in Domain 3 that missed the Comprehensive Support and Improvement Domain 3 scale score target and wasn't identified for Comprehensive or Targeted Support and Improvement.

A complete list of campuses identified for each type of support and improvement is provided in Table 10 (p. 22).

\*Out of 271 campuses that received a state rating in 2018–2019, 36 were not eligible due to overall rating, not being rated, or evaluated under alternative standards.

- 235 campuses were eligible this year for Distinction Designations.
- 142 campuses (**60%** of those eligible) received at least one Distinction Designation.
- 24 campuses (**10%** of those eligible) received every eligible Distinction Designation.

Complete scoring information on all campuses can be found in **Tables 6–11**, TEA's accountability summary reference is provided in **Appendix A**, and TEA's complete list of indicators for the distinction designations are listed in **Appendix B**.

All campuses serving grades PK–12 must receive an accountability rating. However, campuses with no state assessment results due to grade span served (i.e. PK–2) are incorporated into the accountability system by having districts choose another campus within the same district or the district itself with which to pair for accountability purposes. These campuses receive a rating based solely on the paired campus' or district's performance. These campuses, along with their pairs, are also identified in **Table 6**. Campuses that do not receive a rating due to an insufficient number of tested students or because their results are attributed to their students' home campuses are identified in **Table 5**.

# Overview of the 2019 State Accountability System

## Student Achievement

### All Students

#### STAAR

- Combined over all subject areas evaluated (reading, mathematics, writing, science, and social studies)
- Credit awarded for Approaches Grade Level or above, Meets Grade Level or above, and Masters Grade Level on
  - STAAR\* (with and without accommodations) in grades 3–8 (including Spanish versions where applicable);
  - EOC assessments (with and without accommodations); and
  - STAAR Alternate 2 at Level II Satisfactory and Level III Accomplished standards.

### College, Career, and Military Readiness

Percentage of annual graduates that accomplish any one of the following:

- Meet TSI criteria in ELA/reading and mathematics on assessments or college prep courses
- Meet AP/IB criteria
- Earn dual-course credits
- Enlist in the U.S. Armed Forces
- Earn an approved industry-based certification
- Earn an associate's degree while in high school
- Graduate with completed IEP and workforce readiness
- Earn a Level I or Level II certificate
- Complete an OnRamps dual-enrollment course
- Graduate under an advanced degree plan and be identified as a current special education student
- Complete CTE coherent sequence coursework and earn credit aligned with approved industry-based certifications (one-half point credit)

### Graduation Rate

Four-year, five-year, or six-year graduation rate (or annual dropout rate if no graduation rate)

### Domain Score

For elementary and middle schools, the Student Achievement domain score is based solely on the STAAR component. For districts and high schools, the three components are weighted 40%-40%-20%, respectively.

Better of either **Student Achievement** or **School Progress** domain = **70%** of overall rating

**30%** of overall rating

## School Progress

### All Students

#### Part A: Academic Growth

Credit awarded for students who improve performance year over year as measured by STAAR progress measures and performance levels on STAAR reading and mathematics.

#### Part B: Relative Performance

Credit awarded based on performance relative to similar districts or campuses.

#### Domain Score

The School Progress domain score is the better of Part A: Academic Growth or Part B: Relative Performance.

## Closing the Gaps

### All Students and Disaggregated Student Groups

Student performance disaggregated by the following:

- All students
- Race/ethnicity
- Economically disadvantaged status
- Current special education
- Former special education
- Current and monitored English learners
- Continuously enrolled
- Non-continuously enrolled

### Components

- Academic Achievement
- Federal Graduation or Growth Status
- English Language Proficiency
- School Quality or Student Success

### Domain Score

Credit is awarded based on weighted performance of student groups against annual targets.

The Closing the Gaps domain score is based on the four components weighted according to district or campus type.

**Distinction designations** are awarded to campuses in ELA/reading, mathematics, science, social studies, Academic Growth, and Closing the Gaps. Distinction designations are awarded to campuses and districts in Postsecondary Readiness. Districts and campuses must be rated *A, B, C, or D* overall to be eligible for distinctions.

\*STAAR results from EL students in their first year in U.S. schools are excluded from accountability calculations. STAAR results from EL students in their second year in U.S. schools are included via the EL performance measure. STAAR Alternate 2 results are included without regard to number of years in U.S. schools. For more information, see the [2019 Accountability Manual](#).

### Academic Achievement in English Language Arts/Reading

#### Indicators:

- Attendance Rate
- Accelerated Student Progress in ELA/Reading
- Grade 3 Reading Performance (Masters Grade Level)
- Grade 4 Reading Performance (Masters Grade Level)
- Grade 4 Writing Performance (Masters Grade Level)
- Grade 5 Reading Performance (Masters Grade Level)
- Grade 6 Reading Performance (Masters Grade Level)
- Grade 7 Reading Performance (Masters Grade Level)
- Grade 7 Writing Performance (Masters Grade Level)
- Grade 8 Reading Performance (Masters Grade Level)
- English I Performance (Masters Grade Level)
- English II Performance (Masters Grade Level)
- AP/IB Examination Participation: ELA
- AP/IB Examination Results (Examinees  $\geq$  Criterion): ELA
- SAT/ACT Participation
- Average SAT Score: Reading and Writing
- Average ACT Score: ELA
- Advanced/Dual-Credit Course Completion Rate: ELA/Reading (Grades 9–12)

### Academic Achievement in Mathematics

#### Indicators:

- Attendance Rate
- Accelerated Student Progress in Mathematics
- Grade 3 Mathematics Performance (Masters Grade Level)
- Grade 4 Mathematics Performance (Masters Grade Level)
- Grade 5 Mathematics Performance (Masters Grade Level)
- Grade 6 Mathematics Performance (Masters Grade Level)
- Grade 7 Mathematics Performance (Masters Grade Level)
- Grade 8 Mathematics Performance (Masters Grade Level)
- Algebra I by Grade 8 Participation
- Algebra I Performance (Masters Grade Level)
- AP/IB Examination Participation: Mathematics
- AP/IB Examination Results (Examinees  $\geq$  Criterion): Mathematics
- SAT/ACT Participation
- Average SAT Score: Mathematics
- Average ACT Score: Mathematics
- Advanced/Dual-Credit Course Completion Rate: Mathematics (Grades 9–12)

### Academic Achievement in Science

#### Indicators:

- Attendance Rate
- Grade 5 Science Performance (Masters Grade Level)
- Grade 8 Science Performance (Masters Grade Level)
- EOC Biology Performance (Masters Grade Level)
- AP/IB Examination Participation: Science
- AP/IB Examination Results (Examinees  $\geq$  Criterion): Science
