Ms. Garza - 2021-2022

Email: Maria.Garza11@houstonisd.org

What will I learn in art?

Creating art with the foundation of artistic expression using the design elements and principals of art. The Elements and Principals of Art will provide you the creative platform to manipulate and create an art piece. Art will be channeled using your imagination, memory, travel, and personal identity in self-expression.

Exploring Art History in engaging in discussions, reading, and writing about art, artists, art making, interpretation and critique.

Why do I need Art? I am not going to become an Artist when grow up?

Art is everywhere in our world. Fashion, architecture, science, world events, culture, neighborhood, and your home. Art will give you the tools to discover design and elements of art ultimately becoming part of your personality.
