Johnson, Nikia D 0 minutes 3 seconds

Welcome to the second meeting of the SDMC committee here at Roderick Page Elementary.

Johnson, Nikia D 0 minutes 10 seconds

My name is.

Johnson, Nikia D 0 minutes 13 seconds

Assistant principal Nokia Johnson and I have here with us several members of our sdmc committee and Principal Colin and I are going to go into depth on some a couple of things that are going to be extremely important to us as we move forward throughout this school year.

Johnson, Nikia D 0 minutes 28 seconds

Here, ask important community members.

Johnson, Nikia D 0 minutes 30 seconds

We want to ensure that we are open with the open line of communication, so we're going to go ahead and get started with our meeting.

Johnson, Nikia D 0 minutes 37 seconds

As you can see, we have our agenda that is listed for today, me as Assistant Principal Johnson, I want to call the meeting to order and then we will talk about our old business. Old business is going to be our Texas evaluation system and that we will go.

Johnson, Nikia D 0 minutes 52 seconds

Ahead into a PowerPoint that's going to give just a overview so you can have an understanding as what it is that we are doing.

Johnson, Nikia D 0 minutes 58 seconds

As a community, as far as engaging in students in education for HISD, in what our expectations will be moving forward?

Johnson, Nikia D 1 minute 13 seconds

Alrighty, so let's go ahead and dive into tests.

Johnson, Nikia D 1 minute 19 seconds

So test is the Texas education Excellent Texas excellence system.

Cole, Daniella E 22 minutes 32 seconds

So the strategy that our campus is using is up under the umbrella of the new education system. As I spoke to earlier, right.

Cole, Daniella E 22 minutes 39 seconds

So our system that we have here in H ISD is a comprehensive reform initiative designed to to dramatically improve academic outcomes and prepare students for success in the modern world.

Cole, Daniella E 22 minutes 51 seconds

So again, as I spoke to earlier, the NES actually aims to close.

Cole, Daniella E 22 minutes 55 seconds

Those achievement gaps by fostering a culture of excellence and ensure all students graduate equipped with for future challenges.

Cole, Daniella E 23 minutes 2 seconds

So I can say that like we hold ourselves and students to high expectations, we do a lot of coaching as administrators, we're in the classrooms with our teachers supporting them to ensure our students are receiving the best or high quality instruction. And we're very intentional around these pieces.

Cole, Daniella E 23 minutes 21 seconds

Even with planning, the type of activities our students.

Cole, Daniella E 23 minutes 42 seconds

You can keep going.

Cole, Daniella E 23 minutes 44 seconds

All right, so.

Cole, Daniella E 23 minutes 46 seconds

Thank you. So for our resources and if you don't know about NES, we do not control our budget, which is a good thing.

Cole, Daniella E 23 minutes 52 seconds

Our district does a lot of the these pieces for us and so you can go back to that one about the budget.

Cole, Daniella E 23 minutes 57 seconds

I'll speak to it right quick.

Cole, Daniella E 23 minutes 58 seconds

The budget is already set for our campuses and they do all of the resource allocations for us.

SDMC CIP AGENDA MAY 19TH

Cole, Daniella E 24 minutes 5 seconds

And I would say it's campus principal.

Cole, Daniella E 24 minutes 7 seconds

It helps me to stay focused on student outcomes, on improving student outcomes, as well as building the capacity of my teachers.

Cole, Daniella E 24 minutes 16 seconds

Because the whole budget piece is really a whole nother task that sometimes can pull away from what's important.

Cole, Daniella E 24 minutes 23 seconds

And for us, it's our students, right?

Cole, Daniella E 24 minutes 25 seconds

Their growth, their development, and so the good thing about being in the new education system is that a lot of the pieces that are in place and I'll say none NES campus.

Cole, Daniella E 24 minutes 36 seconds

Where principals are not juggling just their staff and student growth, but they're also having to deal with all of the other things like their building maintenance and their budget. We're able to really stay focused in and be in the classroom so that we can ensure high quality inst.

Cole, Daniella E 24 minutes 51 seconds

Is happening every single day, so I did want to speak to that because I think sometimes you know, everybody doesn't understand or don't know how the budget piece plays when it comes to a campus.

Cole, Daniella E 25 minutes 3 seconds

But they do help us to make sure that we are monitoring.

Cole, Daniella E 25 minutes 5 seconds

Our budgets correctly and that all of our resources are being allocated and used responsibly.

Cole, Daniella E 25 minutes 54 seconds

We call it Demo Day where they stay here a little late on Thursday.

Cole, Daniella E 25 minutes 58 seconds
