Basic Geometry Bonus Points Rules (Optional)

1) Must be completed and turned in by Thursday May 21st to earn bonus points. No late work will be considered because this is an optional assignment.
2) Student must show work for all Problems, in order to be considered for bonus points.
3) Bonus points will be applied to average of the semester, thus the weight is more than it appears.
4) By selecting to complete this Bonus set of problems, you are increasing the chance of scoring high on your final exam.

Bonus Points Chart:

PS: You must show all your work and you cannot copy other students' work. Any suspicion of cheating , will result in all parties not getting a bonus point, no debate. Protect your work at all times.

Score on the "Basic Geometry Bonus Problems	Bonus points added to Semester average
90% to 100%	10 %
80% to 89%	8%
70% to 79%	6%
60% to 69%	4%
50% to 59%	2%
20% to 49%	1%
0% to 19%	0%
