3. Braeburn SDMC Recommendation
SDMC discussed the use of student surveys and whether or not the feedback would be beneficial and accurate for the teacher evaluation system.
The first vote was split for the student survey to be included. After reconsidering the other options, the committee decided to add the student survey.
This made option A-C out and we analyzed the percentages in the other two and decided to create our own framework
Finally, the decision was Option F with the following breakdown
Action Plan: 15%
Planning & Preparation: 15%
Student Achievement: 35%
Quality of Instruction: 30%
Student Survey: 5%
Our 2nd Choice-E and Choice D
4. PTO Updates- Updated the money for classrooms
5. Safety-Nothing to report at this time
