Agenda	

1. Welcome to the meeting
 - a. Mr. Sabillon called in for the meeting. He explained that today we would have an opportunity to provide the district with feedback about TES (The new teacher evaluation system, Pre-kindergarten enrollment, and the TIP plan. No questions were asked.
2. TES introduction
3. TES video
 - a. Mr. Sabillon attempted to play the video, but it was not working. Instead, he explained that this was a continuation of the last meeting. He showed the pie allocation that received the most votes. Ms. Jacquet noted that this was one of the allocations that we had chosen.
 - b. Mr. Sabillon went through the slides and answered questions before allowing the committee time to deliberate.
4. Group Work (20 minutes)
 - a. The group discussed that they agree with all the statements in the slides. No feedback was given to change anything in the Planning and Professional Rubric.
 - b. The group had questions about the DTR process. Some members of the committee argued that it would be an unfair comparison of teachers if some of them are teaching regular students and they are being compared

to DL students. Additionally, Ms. Houston raised concerns regarding inflated scores in some schools that would lead to unfair comparisons as well.

- c. This was not in the presentation, but the team discussed whether targeted distributions would be considered for distinguished-level teachers. Finally, the team recommended that DTR should only be reserved for Exemplary 1 and 2.

5. PK Enrollment

- a. What should the district do to promote PK enrollment? The SDMC team explained that the district should do a better job of communicating that this is free for all our communities. Emphasized that students received free lunch and a great education.
- b. Schools can also have tours for new parents.
- c. Campus websites should have more information about school programs.
- d. Offer ½ day programs for some communities.

6. TIP Plan

- a. No feedback was received.

7. Closure
