APPRAISAL SYSTEM AND PROCESS

The formal appraisal of District teachers shall be in accordance with a local appraisal system developed in compliance with statutory provisions and state rules.

GENERAL REQUIREMENTS

District teachers shall be appraised annually as specified by this policy, DNA(REGULATION), the Board-approved appraisal calendar, and the Teacher Appraisal and Development System manual. Teachers will participate in the Teacher Appraisal and Development System (TADS) or the Modified Teacher Appraisal and Development System (M-TADS).

The District shall establish an appraisal calendar each year. The appraisal period for each teacher shall be defined as stated in the Board-approved appraisal calendar. The Board-approved appraisal calendar may provide exceptions to this policy.

Components of the appraisal system shall ensure that teachers receive appropriate guidance and feedback and, in addition to the components described in the remainder of this policy, may include, but are not limited to, a written self-assessment, formal and informal observations, classroom walk-throughs, student learning indicators, and conferences. The appraisal process shall produce a written document to be presented to the teacher, signed by the teacher and appraiser, and maintained as specified in the District’s Records Management manual.

APPRAISERS

All teachers shall be assigned a qualified appraiser. Appraisers shall be school-based administrators or other individuals who meet eligibility requirements, as specified in DNA(REGULATION), and who have undergone the requisite appraiser training and certification provided by the District.

CERTIFICATION

Before conducting an appraisal, an appraiser shall be certified by completing the uniform appraiser training the District provides. The Board shall annually approve certified appraisers. Periodic appraiser recertification and training shall be required.

ANNUAL TRAINING

Teachers shall participate in initial or update appraisal training annually as specified in the Board-approved appraisal calendar, DNA(REGULATION), and the Teacher Appraisal and Development System manual.

It is the teacher’s responsibility to complete appraisal training and to provide evidence of training completion to the appraiser within the specified time line. Failure to complete the appraisal training shall not impede the appraisal process.

CONFERENCES

Teachers participating in TADS shall meet with their respective appraiser at least three times throughout the course of the school year. These comprehensive conferences shall be held near the
beginning, middle, and end of the school year. Teachers participating in M-TADS will meet with their respective appraiser at least two times throughout the course of the school year. These comprehensive conferences shall be held near the beginning and end of the school year.

Additional conferences may be held at the request of the teacher or appraiser.

**WALKTHROUGHS**

Each teacher participating in TADS shall receive at least two formal, unannounced walk-throughs of at least ten minutes in length. Each teacher participating in M-TADS shall receive at least one formal, unannounced walk-through of at least ten minutes in length. The walk-through walkthroughs shall be conducted by the teacher’s appraiser. Each walk-through walkthrough shall be followed by written feedback within ten working days from the date of the walk-through walkthrough. Post-walk-through walkthrough conferences may also be conducted at the request of either the appraiser or the teacher.

**OBSERVATIONS**

Teachers participating in TADS shall receive at least two formal, unannounced classroom observations of at least thirty minutes in length. Each teacher participating in M-TADS shall receive at least one formal, unannounced classroom observation of at least thirty minutes in length. The observations shall be conducted by the teacher’s appraiser throughout the school year. Appraisers shall not give notice of the date or time of an observation.

The appraiser shall provide the employee with specific, written feedback within ten working days from the date of the observation. Post-observation conferences may also be conducted at the request of either the appraiser or the teacher.

**MISSED DEADLINES**

In the event an appraisal deadline is missed by either the teacher or the appraiser, the appraiser shall document the reason in a memorandum to the teacher and a copy shall be sent to the building principal. The appraisal process shall continue. A missed deadline shall not invalidate an appraisal document.

**APPRAISAL CRITERIA**

Teachers shall be appraised on the following three performance criteria categories:

1. Instructional practice;
2. Professional expectations; and
3. Student performance (as determined by the District).

**INSTRUCTIONAL PRACTICE**

Appraisers shall assess the extent to which a teacher meets a set of expectations for instructional planning and delivery.
Appraisers shall assess whether a teacher meets a set of expectations for professionalism.

Appraisers shall assess a teacher’s effectiveness using student performance measures.

Every teacher shall receive a performance rating in Instructional Practice and Professional Expectations during the end-of-year conference.

Every teacher shall receive a summative performance rating as specified in the Board-approved appraisal calendar, DNA(REGULATION), and the Teacher Appraisal and Development System manual.

Every teacher shall have an individual professional development plan that sets a path for professional growth. The plan shall be developed collaboratively with the teacher and his or her appraiser near the beginning of the school year and shall be revisited as necessary throughout the year.

An appraiser shall create a Prescriptive Plan for Assistance (PPA) for any teacher whose job performance becomes a concern as evidenced through walkthroughs and observations aligned to the instructional practice rubric. Teachers shall acknowledge receipt of the PPA within ten working days from receipt of the plan.

The PPA form shall outline the focus areas for development, specific development activities and action steps, and expected changes in behavior or performance outcomes.

The PPA shall be considered complete when the teacher’s performance exhibits the expected change as noted by the appraiser.

The appraiser shall verify and document third-party information that the appraiser and/or employee want to use as cumulative data. Any documentation that will influence the employee’s annual appraisal ratings must be shared in writing with the employee within ten working days of the appraiser’s knowledge of the occurrence. A parent or legal guardian must sign if the initiating party is under 18 years of age.

Each teacher may request a second appraisal review of his or her instructional practice, professional expectations, and/or student performance ratings by submitting a written request. The teacher’s request must be submitted in writing within ten working days of receipt of the formative performance category ratings for performance criteria at the Progress or End-of-Year Conference.
A teacher may only request a second appraisal for a specific performance criteria category once throughout a school year.

A second appraisal review for instructional practice shall require that the second appraiser conduct at least one unannounced classroom observation along with a review of all documentation and data collected to inform the original rating. All instructional practice criteria must be rated.

A second appraisal review for professional expectations and student performance shall require a review of all documents and related materials to assess the teacher in those areas. All professional expectation criteria must be rated.

Ratings from both the primary and second appraisers shall be averaged for a final rating for the requested performance criteria under review.

The Superintendent or designee shall select the second appraiser. Teachers may request that the second appraiser have content knowledge specific to the area being taught and that assignments shall be made based upon the availability of qualified personnel.

A teacher may submit a written response or rebuttal to his or her appraiser within ten working days of receipt of a written document. The appraiser will attach the teacher's written response to the appraisal document.

All aspects of the appraisal systems shall be applied consistently and fairly to all employees. When an employee feels that any one of these procedures has been misapplied to him or her, a dispute may be filed in accordance with the Dispute Resolution Process at DGBA(LOCAL). However, unless the procedure in question was maliciously misapplied, applied in bad faith, or not applied by an appraiser, such misapplication or failure to follow the procedures shall not prevent or be any impediment to the Board or the Superintendent changing any employee’s employment status under the terms of the employment contracts, if applicable, and state and federal laws.

Employees may present complaints regarding the evaluation and appraisal process in accordance with the District’s Dispute Resolution Process. [See DGBA(LOCAL)]

The District may present suggested improvements to the appraisal process and criteria to the Shared Decision-Making Committees (SDMCs) and to the District Advisory Committee (DAC) for review on an annual basis. The SDMCs shall provide feedback on the proposed improvements to the DAC for its review and
consideration. The District’s administration shall present the recom-
mended amendments to the Board.
