- Feedback Form
- Next Meetings
- Dismissal

### Minutes

#### **Darla:**

- Presented SDMC presentation with roles/responsibilities.
- Committee Introductions.
- Review of Needs Assessment
- Feedback Form

**Beth** wants the option to add more comments/scoring about their child(ren) teachers. It is difficult to rate the teacher between 1-5.

**JRA** says when he submits for a 1 on 1 or requests to meet/speak with someone, no one reaches out or responds to him. The teachers are very responsive, but when he submits feedback online he does not hear anything. He says there are inconsistencies.

**Shaunte** suggests having someone from TCAH from the technology team be the buffer, but technology is run by Pearson. What if there is an option that says “copy this to webmail and then you would transfer everything to webmail and find the correct person that way) Darla will reach out to Pearson to see if this is an option.

**Darla** is emailing the presentation and all links to participants in this meeting. She will ensure that the next meeting in 2024 is on the calendar.

**Beth** and **Shaunte** are thinking about creating a feedback form.

**JRA(Old School)** his concern is with the learning coaches, not so much AP's and teachers.
