TESTING POLICY: Assessments will be administered weekly to check the progress of the student. Weekly CFU's (Check for Understanding) assessments will consist of no more than 5 questions. The CFU's are given on Fridays. At the end of each 3rd and 6th week grading period, a comprehensive assessment will be administered. There is a zero-tolerance policy for cheating. Any student caught cheating will receive a zero as his or her for the assessment grade. All cell phones MUST be put in the holding bag and will stay there for the entire class period; during testing..

CLASSWORK: The Major Assignment will be given on Monday and will spread through to Wednesday for the Blue Group and will be given to the Gold Group on Tuesdays through Thursdays. These assignments should be around 15-20 questions. Don't forget that this assignment is worth 45% of the grade.

HOMEWORK POLICY: Homework will be a continuation of Classroom work. If a student does not finish their 1st major assignment of the week; it is Homework.

ATTENDANCE/TARDY POLICY: The attendance and tardy policies are stated in the student handbook and will be followed. It is imperative that students come to school every day and attend classes on time. Important information is disseminated every day and we want all students to receive all the knowledge and information that they can to be successful.

MAKE UP POLICY: If a student is absent from class, they have three school days from the time they return to school to make up any missed work. It is the responsibility of the student to ask the teacher or check the course hub page for the missed assignment.

Course Expectations

Every student is expected come to class ready to work and participate. You should always feel free to speak up, ask questions, and even show some enthusiasm. You'll find that if you take an active role in this course, you'll not only learn the material more effectively, but you'll enjoy it as well.

The week-by-week content of the course will be available as a separate document which will be posted on the hub.
