## How to access TEAMS from your computer and phone For students

#### Logging on to TEAMS from your district computer

Turn your computer on and log in
Open your web-browser, Chrome or Explorer
Find the "Office365" icon on the right hand side and click on it

Contínue...

## From another computer

Open a web browser like Chrome or Explorer

- Type "office365.houstonisd.org" into the URL window
- You may have to log on and then you will see the apps listed

• See the next few pictures...

### You should see your classes here:

### Click on "general" for your class:

## On your phone...

 Download the "Teams" app from the App Store or Google Play Store

## Open the app...

- Open the App and sign in
- Your district name and log on should appear...tap on that to use to log on
- Allow access to the camera and mic so you can participate in conferences (you can always turn them off during the conference)
- You should see all the teams you have been added to

Welcome to Microsoft Teams! A happier place for teams to work together.

Sign in

# Teams appear on left

- Your Teams (Classes) will be available to tap on
- You can participate in teacher office hours and see assignments
