

HAPPY NEW YEAR 2023!!!

Barbara Jordan Career Center's Newsletter

Automotive Technology

Automotive's main focus has been taking an exam about car and safety basics. They recently accomplished getting a 2006 Mazda MPV repaired and running. Above all, their patience, perseverance and team work have been tested.

Cosmetology

Currently, cosmetology is preparing for competition with Skills USA on February 3rd. Additionally, they are planning their hair show in the spring themed—"The Wiz."

Health Science

"White Coat Ceremony"

The Health Science Practicum has met the requirements needed to sit for the Certified Medical Assisting state exam.

Marketing/DECA

The marketing students' leadership organization participated in Deca Day with the Rockets. Seniors are testing for their ESB Certification and Deca members Volunteered at the Houston Foodbank.

Welding

For the past couple of months they have learned about "root passing" —how to fill a crack in the weld joint. Students are using their plasma cutters and oxy cutting torches. The students are dedicated and working really hard as they prepare for the spring semester.

BJCC Issue 2—January 2023

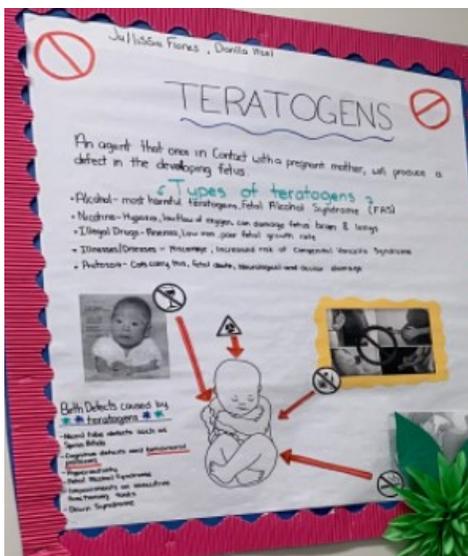

Culinary Arts

Students have successfully provided food for special events that included the White Coat Ceremony reception for Health Science as well as the Thanksgiving and Christmas luncheons for teachers, staff and CTE.

Child Development

Child Development students are getting ready to do a showcase. In the upcoming weeks, this program will teach others about child development and care. Simulations will include how to change diapers, proper infant feeding, and child guidance.

Construction Trades

Mr. Smith's students have been working on completing their carpentry certification. Additionally, they are currently working on building a shed/storage unit. Students are preparing for upcoming competition in Skills USA.

Government & Diplomacy

Recently the Government class attended the Americas Table at Minute Maid which was about the American Jewish Committee. Currently they have done a mural about prehistory and time. In this

class some of the activities they have done include discussion and debate about current events. They currently do daily school announcements.
