

MEMORANDUM

August 30, 2016

TO: Board Members

FROM: Richard A. Carranza
Superintendent of Schools

SUBJECT: **JULY 2016 STAAR END-OF-COURSE PERFORMANCE**

CONTACT: Carla Stevens, (713) 556-6700

The Houston Independent School District (HISD) has received the results for the July 2016 administration of the State of Texas Assessments of Academic Readiness End-of-Course (STAAR EOC) exams. These exams are a graduation requirement and were given to eligible students who did not meet the satisfactory level of performance in previous administrations (retesters), as well as students who completed a summer school course and tested for the first time.

Under House Bill 5 (HB 5), passed by the 83rd Texas Legislature and signed by the governor, high school students are now required to pass five STAAR EOC assessments to meet the new graduation requirements. These five assessments include Algebra I, English I (combined reading/writing), English II (combined reading/writing), Biology, and U.S. History.

Please note the following:

- By commissioner's rule, the Level II Phase-in 1 Satisfactory standard was increased to the Level II Satisfactory 2016 progression standard and will continue to increase each year until 2021-22. This means that students taking an EOC for the FIRST TIME EVER will have to answer more items correctly to "pass" STAAR than the previous year; and any student who has PREVIOUSLY taken an EOC will be scored based on the Phase-In 1 standard in place at the student's first time testing. Any comparisons to prior performance should be made with caution.

The next administration of the STAAR EOC exams will be December 5 – December 9, 2016.

Key Findings:

- Of the 9,204 STAAR EOC tests administered in July 2016, 51% (4,650 tests) were taken by ninth-grade students, 28% (2,569 tests) were taken by tenth-grade students, 15% (1,419 tests) were taken by eleventh-grade students, and 6% (521 tests) were taken by twelfth-grade students.
- Of the 4,650 STAAR EOC tests taken by ninth-grade students, 2,519 (54%) were taken in English I and 1,179 (25%) were taken in Algebra I.
- At the Level II: Satisfactory Student Standard for All Students, performance ranged from 17 percent on English I to 41 percent on U.S. History.
- When compared to last year's results, the percentage of students meeting the Level II: Satisfactory Student Standard **decreased** in Algebra I (1 percentage point), English II (3 percentage points), Biology (4 percentage points), English I (4 percentage points), and U.S. History (7 percentage points).

Administrative Responses to the 2016 STAAR EOC results:

Secondary Curriculum and Development

The Secondary Curriculum and Development team will continue to support student achievement through job-embedded teacher coaching, district-wide professional learning, aligned curriculum support, and aligned formative assessments. Even though many more students passed the STAAR exams on the first try this year, thus decreasing the number of students who needed summer school, more work must be done to close achievement gaps and ensure that all students are successful. Understanding that growing student literacy takes time, and also contributes to success on all standardized tests, the SRI (Student Reading Inventory) will be provided once again, for the 2016-2017 school year. The data from this tool, combined with other formative assessment data, will help teachers plan for differentiated lessons. Results from these scores prompted revisions in the district curriculum to ensure that in the 2016-2017 school year, the most historically challenging TEKS are taught first and spiraled back through the curriculum for practice throughout the year.

Schools' Office

This Year:

- Beginning of the year goal setting conferences were held with each Principal based on prior year's data.
- Ongoing progress monitoring through analysis of formative assessment data and goal progress reviews were held throughout the school year. During goal progress reviews, coaching was given, data was disaggregated and unpacked, and action plans were modified to support school-specific needs.
- Coaching and professional development sessions targeted towards school-specific needs in literacy were held throughout the year through Principal Meetings, PLCs, SSO check-ins, etc. Examples include genre-focused studies in ELA and Mild, Medium, and Spicy Writing Strategies.

Next Year:

- Schools Offices will place increased emphasis on effective utilization of the Scholastic Reading Inventory and its corresponding reports at all high school campuses. Whole-group Professional development sessions will be provided to all Principals and additional supports as needed to support implementation at particular campuses will be deployed as necessary.
- Professional development sessions on best practices in literacy development and support at the secondary-level as well as writing across the content areas.

Office of Special Education Services

The Office of Special Education Services will continue to meet the needs of schools and students by:

- Providing guidance to relevant staff on increasing the participation of students with disabilities in the standard curriculum.
- Increasing the number of students who access grade level curriculum through the use of Universal Design for Learning (UDL) strategies and student specific accommodations.
- Utilizing Goalbook to create Individualized Education Programs (IEP) goals that are aligned with grade level curriculum (Texas Essential Knowledge and Skills).

- Creating a Full and Individualized Evaluation (FIE) summary page to inform teachers of student's cognitive strengths and instructional strategies to support those strengths.
- Implementing restorative discipline practices for students with and without disabilities to increase student engagement and participation in academic opportunities.

Should you have any further questions, please contact Carla Stevens in Research and Accountability at 713-556-6700.

Combined School

Stu Std: Student Standard is the Level II: Satisfactory Phase-in 1 Standard for 2012-2015. For 2016, it is phase-in 1 for students who took at least one EOC prior to the December 2015 administration, and the 2016 Progression Standard is applied to any student who took their first-ever EOC during the December 2015 administration or later.
