Comprehensive Needs Assessment

Needs Assessment Overview

Needs Assessment Overview Summary

Needs Assessment Overview:

Mading Elementary School's data reflects that the campus has regressed in Domain I, Student Achievement, increased in Domain II-Student Progress, and increased in Domain III-Closing the Gap. The campus identified needs include enhancing the Lexile reading level of each student and tier focus on small group instruction in math and reading. In addition, there is a need for grade 3, 4, & 5 instructional support for comprehension skills in reading and number sense and solving multiple step problems based on Renaissance EOY-Year 2021-2022 scores and the 3rd-5th-grade STAAR scores. In addition, the first administration of the High-Frequency Word Evaluation revealed that 1st grade had more than 50% of the students fail the first administration. To improve student performance, there must be a more intentional focus on sight-word recognition in pre-kindergarten and HFWE in Kindergarten.

Narrative Priority Needs and Special Education:

- Increase the levels of students meeting standards on the STAAR Reading assessment and increase the number of Hispanic students passing the STAAR to close the achievement gap.
- Increase the levels of students meeting standards on the STAAR Math assessment and increase the number of African American students passing the STAAR to close the achievement gap. Building teacher capacity
- Increase the levels of students meeting standards on the STAAR Writing assessment and increase the number of African American students passing the STAAR to close the achievement gap. Building teacher capacity
- Increase the levels of students meeting standards on the STAAR Science assessment and increase the number of African American students passing the STAAR to close the achievement gap.
- Increase the percentages of students identified as being on or above grade level in reading as measured by Running Records.
- Improve reading performance on informational text K-5th grade.
- Increase the average scale scores of the Special Education subgroup in all STAAR assessments.
- Increase the average scale scores of ELL students taking STAAR reading and math exams, focusing on vocabulary and concept development for 3rd-5th-grade transitional students.
- Increase attendance rates by focusing on intervention for students with chronic absences.
- Improve school culture and perception by implementing a systematic way to communicate with parents regarding behavioral expectations and interventions.

Demographics

Demographics Summary

Reagan W. Mading Elementary is a Bilingual International Baccalaureate (IB) Candidacy school located on the Southeast side of Houston at 8511 Crestmont. The current enrollment for Mading is 321 students. 98% of our scholars are economically disadvantaged and 17% are English Learners (ELs). 13% of our scholars are Special Ed. and 47% make up the At-Risk population. Mading was founded in 1959. For nearly fifty years, Mading has proudly serviced its students and community by offering diverse school-based programs, specially designed to meet the varying needs of our students. The exceptional education programs at Mading consist of a generic self-contained classroom, a Functional Life Skills class, a speech therapist, one multi-grade resource teacher, and three early childhood teachers with an all-day pre-kindergarten program. Pre-Kindergarten through 1st grade is self-contained and grades 2nd- 5th receive content-based instruction. Mading also serves students using the transitional biligual model in grades PreKindergarten-second grade. Mading is an IB Candidate campus where teachers are working hard to give all students the opportunity to receive an education fit for a globalizing world. Mading is a Gifted and Talented Neighboring campus where scholars learn to think outside of the box. Mading also services PALS students ages 3 and 4 years of age. Mading's dedicated staff is comprised of 1 principal, 1 assistant principal, 3 teacher specialist, 18 teachers, and 6 teacher assistants: 67% African American, 33% Other. There is an average of about 16 years of experience among the instructors. The ancillary staff includes A Physical Education, Media Specialist, Interventionist (Gen), Music Teacher, and Science Lab. Mading also has a Counselor, a Nurse, and a Wrap Around Specialist to support our students and families. After a brief relocation, Mading opened its doors for the 2006-07 school term in a brand new, state-of-the-art facility. It is well equipped and staffed to accommodate the challenges of education in the 21st century and beyond. With our new building, we also boast a brand-new attitude. At Mading, we focus on teaching and learning! We endeavor to involve the community to aid in promoting a positive school climate, simultaneously nurturing independence, responsibility, creative/high-order thinking, and self-confidence. Our goal for each student at Mading is to become lifelong learners and future entrepreneurs. Our mission is to stive to prepare our students to be open-minded scholars who apply their knowledge and skills to an ever-changing world. By having a growth mindset, we will strive to provide effective instruction in which our students feel empowered. In a safe, supportive, and multicultural learning environment, our students will receive an equitable education that consist of support from teachers, parents, and the community.

Demographics Strengths

- Mading is a Bilingual Campus.
- Mading is an IB candidate school.
- Mading services PALS and SLL students.
- Mading supports GT students.
- Mading has highly effective teachers.
- Mading is part of a community where parent engagement is rich.

Problems of Practice Identifying Demographics Needs

Problem of Practice 1: Not all demographic populations have achieved their full potential academically or behaviorally. **Root Cause:** A diverse population requires deep understanding of the needs of various learners while implementing a common set of values and expectations as a school.

Problem of Practice 2: Building relationships with various levels of teachers and students is a continual process. We should implement treatment agreements and team norms. Using RTI referrals, various data, and vertical alignment documents, teachers should identify needs and know where students left the last year and how they will continue to grow. **Root Cause:** Academic gaps exist due to lack of school experience for some students along with behavior challenges. Students at Mading have behavioral challenges due to trauma, pandemic, and cultural aspects. Students with varied home environments demand the need of appropriate behavior strategies training for staff.

Problem of Practice 3: 91% of the students made academic growth, but less than 100% of students made adequate grade level literacy growth as measured by STAAR. **Root Cause:** Our diverse population of students enter school with different levels of preparedness, which was complicated with the pandemic in which students didn't receive literacy instruction in a systematic and intentional way.

Student Learning

Student Learning Summary

Our scholar's overall performance in STAAR for 2022, which focuses on readiness for success in subsequent grade levels and on college and career readiness, was at 34% in Reading, 33% in Math, and 21% in Science. STAAR scores decreased in Reading by 16%, Math by 14%, and Science by 29%. We are working very hard to ensure that Mading's scholars are off to a strong school year by identifying individual deficits and meeting students where they are. Lastly, TELPAS assessment results reflect that 39% of our ELL students grew at least one proficiency level which is above the state standard.

Our school improvement goals are as follows:

1. To increase the overall percentage of students meeting Approaches or above on STAAR Reading to 60%, 34% at Meets, and 25% at Masters level.
2. To increase the overall percentage of students meeting Approaches or above on STAAR Math to 60%, 30% at Meets, and 20% at Masters level.
3. To increase the overall percentage of students meeting Approaches or above on STAAR Science to 60%, 25% at Meets, and 15% at Masters level.
4. To increase the percentage of ELL students who grow at least one proficiency level from 39% to 50%.
5. To increase the attendance from 88% rate to 98%.

Student Learning Strengths

Strength:

1. More than three-fourths of Mading students showed growth as evidenced by STAAR.
2. When students in grades K - 5 are not showing growth, student progress is discussed within PLC (professional learning communities) throughout the year to identify strategies and resources for the classroom or intervention.
3. The interventions will be targeted based on data for our Tier 1, 2, & 3 students.
4. Students needing additional intervention in academics or behavior are supported through the campus Rtl (Response to Intervention) process.

Problems of Practice Identifying Student Learning Needs

Problem of Practice 1: Building relationships with various levels of teachers and students is a continual process. We all continue to implement treatment agreements and team norms. Using RTI referrals, various data, and vertical alignment documents, teachers identify needs and know where students left the last year and how they will continue to grow. **Root Cause:** Academic gaps exist due to lack of school experience for some students along with behavior challenges. Students at Mading have behavioral challenges due to trauma, pandemic, and cultural aspects. Instability in the home environment demands the need of appropriate behavior strategies training for staff.

Problem of Practice 2: Less than 100% of students made adequate literacy growth as measured by STAAR or Renaissance 360. **Root Cause:** Our diverse population of students enter school with different levels of preparedness, which was complicated with the pandemic in which students didn't receive literacy instruction in a systematic and intentional way.

Problem of Practice 3: Not all demographic populations have achieved their full potential academically or behaviorally. **Root Cause:** A diverse population requires deep understanding of the needs of various learners while implementing a common set of values and expectations as a school.

Problem of Practice 4: Students are not reading on grade level based **Root Cause:** Problems with phonics and decoding or with automaticity and fluency, which can draw resources away from comprehension

School Processes & Programs

School Processes & Programs Summary

Mading's programs and processes are listed below:

Mading is an IB Candidate Campus this means that we strive to become a campus that provides a continuum of international education through challenging and high-quality educational experiences to students in PreK - 5th grade. This program encourages both personal development and academic achievement challenging students to think critically, to ask the right questions, and to think across disciplines. An IB education also fosters diversity, curiosity, and a healthy appetite for learning. It is our plan to be IB certified by December of this year. Each classroom is represented by a country where the learning embedded the international focus implementing that country.

Mading is a Bilingual-Transitional Campus this program serves Spanish speaking students identified as English Learners, and transfers the student to English-only instruction. This model provides instruction in literacy and academic content areas through the medium of the student's first language, along with English language development. We also promote the learning of cross-cultural attitudes and behaviors. Mading's program begins in PreK- 2nd grades where students in this program receive their instruction in Spanish and English each year.

Mading has an SLL program that uses the Unique (N2Y) Curriculum which is specially designed for Special Education ALT classes. The curriculum covers Math, English, Social Studies, Science, Vocation, Social Skills, and CBI (Community Based Instruction). Mading has 10 students in this class that is gaining an understanding of the covered topics throughout the year. These scholars are making measurable gains daily and we are extremely proud of them.

Mading has an ESL Program which means we support students whose native language is **not English** and who need to develop and enhance their English language skills. Designed as an intensive methodology, the instruction develops proficiency in listening, speaking, reading, and writing in the English language. At Mading, we service 13% of our students who are identified as ESL by ensuring that our teachers use Sheltered Instructional practices.

Mading has a GT Neighborhood Program which means that supports students who have been identified as GT from grades K - 5th. This is an area of focus for Mading this school year.

Mading has a PALS Program which means that we support 3 and 4-year-olds who have been identified with special needs with life and academic skills. We service 10 students at present.

Teacher Career Pathways which means that we support teachers to become teacher leaders. We believe that by extending educators' skills beyond the classroom, teachers can become powerful levers of change for our instructional community.

School Processes & Programs Strengths

Mading has effective Processes and Programs:

1. Effective SDMC Team
2. Effective Professional Development
3. Effective Planning Team for Instruction, IB, and Bilingual
4. Effective systems for SLL & PALS programs
5. Effective Teacher Career Pathway Support

Problems of Practice Identifying School Processes & Programs Needs

Problem of Practice 1: Processes and programs need to continue to promote positive school culture and meet the needs of all students to achieve academic success. They need to be adjusted to meet the requirements and restrictions post pandemic. **Root Cause:** Resources have not been fully utilized to address campus culture and meet the diverse social and emotional needs of all students.

Problem of Practice 2: Not all demographic populations have achieved their full potential academically or behaviorally. **Root Cause:** A diverse population requires deep understanding of the needs of various learners while implementing a common set of values and expectations as a school.

Perceptions

Perceptions Summary

Student Engagement:

Mading's students have the opportunity to take part in the afterschool tutorial programs to not only assist them with closing their achievement gaps but also to extend their learning. For the 2022-2023 school year, scholars will have the opportunity to participate in after-school sports like soccer, basketball, dance, and cheer. Here they will have an opportunity to learn leadership skills and teamwork. Mading also has a partnership with Action for Healthy Kids (Gardening Community) to support scholars in learning how to garden and understand the importance of being a healthy kid.

Staff Engagement:

Mading ES has retained a group of 12 teachers for 6 or more years and a group of 7 teachers for 3 or more years out of 15 teaching positions this year. We provide our beginning teachers with a campus-based mentor who meets with their mentee at least once a week and during monthly forums with the Campus Induction Coordinator. Teachers new HISD and/or new to our campus are partnered with a buddy who participates informal check-ins with the new teachers or staff members biweekly or as needed for the teacher to become an effective teacher. Weekly planning sessions, PLCs, and monthly campus-based professional development sessions are scheduled for all inexperienced teachers to attend to provide a pathway to success. New teachers are provided information and guidance regarding in-district and out-of-district professional development sessions to attend to provide additional support for the teachers.

Mading ES is rebuilding the campus climate and culture to provide a sense of belonging, community, and pride for all stakeholders. The teachers have a positive mindset and sense of pride that we are making a difference in the lives of the children and the adults we serve in the community. The teachers feel at times more communication from the district and campus will positively impact the climate and the culture. The climate of our campus does fluctuate with the ebb and flow of the school year, but the overall culture of the campus typically maintains positive throughout the school year.

Teachers feel parent involvement is important for student success. Communication, accountability, and face-to-face involvement in academics are three areas teachers feel parents can strongly impact student achievement at Mading ES. The teachers verbalize these areas of concern during campus meetings, parent conferences, brief talks with the parents, and because they feel it important to promote healthy relationships for all involved in the lives of students.

Mading has an established campus safety committee to review district and campus protocol on a monthly basis or as needed to address any areas of concern. The committee is responsible for ensuring effective procedures are in place to promote safety on the campus, discussing procedures with all staff, and addressing feedback or concerns from all staff members.

Improvement planning procedures include gaining information from all staff members through formal discussions, grade-level meetings, faculty meetings, then the information is provided to the campus leader to incorporate in the decision-making process. Feedback is gathered from staff to make adjustments when necessary.

Parent/Guardian & Community Engagement:

Mading ES parents participate in their child's education by attending annual events such Meet the Teacher, Open House, Spanish Heritage Programs, Black History program, SMDC, "Your Voice Matters", promotion ceremonies, and parent meetings. Our parents are eager to volunteer and look forward to volunteer

opportunities as conditions improve. We communicate with our parents through the school website, Twitter, Class Dojo, call-outs, and fliers. Parents also receive notifications and reminders of important school events. All notifications are communicated in English and Spanish.

Parents and business partners participate in monthly SDMC meetings. Our parents and business partners understand the importance and their role in the shared decision committee and support the success of scholars.

Based on feedback from our monthly “Your Voice Matters” meetings, our parents believe in the Mission and Core Values of Mading ES and support all scholars.

Perceptions Strengths

Teachers continue to find efficient ways to connect and communicate with families throughout the year. At least once a year, parent and student surveys are collected and analyzed. Mading teacher leaders serve on leadership teams and campus committees that help us to monitor continuous improvement and gather community input.

Student Engagement:

- There is a high student desire to become engaged in after-school activities.
- There is high parent support for student engagement.

Staff Engagement:

- The long-term teachers of Mading ES have a sense of pride and want to foster a sense of community for all stakeholders.
- Inexperienced teachers have a pathway to becoming successful long-term teachers with Mading ES or within the school district.
- Our staff is determined to generate lifelong learners who will have a positive impact on the world by involving parents and creating a positive sense of urgency regarding education.
- The safety committee on our campus provides a sense of safety and allows for staff impact in integral aspects of the campus' daily routines.
- The staff has different avenues to communicate information regarding campus improvement and become part of the decision-making process.

Parent/Guardian & Community Engagement:

- Our various forms of communication with our parents- Social Media, school website, Class Dojo, Callouts, and Fliers
- English and Spanish communication
- Opportunities for parents to support entire student body- clothing and school supply donations/Back to School haircuts
- Your Voice Matters
- Parent Advisory Council (PAC)
- Multiple opportunities to voice their concerns/opinions during Monthly "Your Voice Matters" meetings

Problems of Practice Identifying Perceptions Needs

Problem of Practice 1: Not all demographic populations have achieved their full potential academically or behaviorally. **Root Cause:** A diverse population requires deep understanding of the needs of various learners while implementing a common set of values and expectations as a school.

Problem of Practice 2: Parent involvement, especially with diverse populations, and community partnerships are not as strong as we would like. **Root Cause:** There may be limited opportunities in activities parents/community members feel confident in participating and we have some restrictions for in-person due to Covid that are now being lifted.

Priority Problems of Practice

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Running Records results
- Observation Survey results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data

- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Board Goals

Board Goal 1: The percentage of 3rd-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase.

Goal 1: The percentage of students at the Meet Level for the 2022 -2023 Reading STAAR in grades 3rd from 29% to 35% and Masters level from 12% to 17%

Strategic Priorities:

Expanding Educational Opportunities

Measurable Objective 1: All students will demonstrate growth on all district/common assessments by 10% at all performance levels on MOY campus assessments compared to the BOY assessment data.

Evaluation Data Sources: Common assessments, District Assessments ,Renaissance, Imagine, and Amplify

HB3 Board Goal

Strategy 1 Details	Reviews			
<p>Strategy 1: Implement Guided Reading small groups daily using leveled readers with fidelity</p> <p>Strategy's Expected Result/Impact: Admin, teachers, students</p> <p>Staff Responsible for Monitoring: Admin, teachers, DDI</p> <p>Action Steps: (1) Provide and implement PD focused on small group instruction and best practices. (2) Monitor strategies being used in the classroom and evidence of best practices. (3) Review BRR, REN360, and formative assessments for data and trends of student progress monthly.</p> <p>Title I: 2.4, 2.5, 2.6</p> <p>- TEA Priorities: Build a foundation of reading and math</p> <p>- Targeted Support Strategy - Additional Targeted Support Strategy</p> <p>Funding Sources: Training - 2110000000 - Title 1 Basic Programs - 6200 - Contracted Services - \$1,900, Really Great Reading - 2110000000 - Title 1 Basic Programs - 6300 - Supplies and Materials - \$600</p>	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details	Reviews			
<p>Strategy 2: Provide effective first instructions by ensuring that lesson plans will include instructional strategies to target interventions for Tier I students to meet the Masters Level.</p> <p>Strategy's Expected Result/Impact: The percentage of students reaching Masters Level on the Campus MOY Reading in grades 3 - 5 will be at 20% and increase to 25% at the Campus Pre-STAAR Assessment in the Spring.</p> <p>Staff Responsible for Monitoring: Admin and teachers</p> <p>Action Steps: (1) PLCs will provide time monthly for teachers to collaborate in vertical alignment/content teams for planning using best practices. (2) Data talks with DDI will be conducted monthly at PLC's to allow teachers time to monitor student progress and reevaluate small groups and intervention strategies. (3) Campus leadership will monitor instructional strategies using coaching, walk-throughs, data reports from Ren360; BBRs; Imagine Learning, and lesson plans</p> <p>Title I: 2.4, 2.6</p> <p>- TEA Priorities: Build a foundation of reading and math</p> <p>- Targeted Support Strategy - Additional Targeted Support Strategy</p> <p>Funding Sources: Professional Development - 2110000000 - Title 1 Basic Programs - 6200 - Contracted Services - \$2,500</p>	Formative			Summative

Board Goal 1: The percentage of 3rd-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase.

Goal 2: Improve academic proficiency for all subgroups by 16%: Black - 5%, Hispanic - 8%, SPED - 5%, ELL - 3% as measured by Reading Proficiency.

Strategic Priorities:

Expanding Educational Opportunities

Measurable Objective 1: Improve academic growth for all subgroups and reduce the achievement gap for students by providing effective first instruction.

Board Goal 5: N/A - Additional Campus Goals

Goal 8: COORDINATED HEALTH PROGRAM (ES, MS and K-8 Campuses)

The campus will provide a Coordinated School Health Program designed to prevent obesity, cardiovascular disease, and Type 2 diabetes by coordinating health education, physical education, physical activity, nutrition services and parental involvement

Board Goal 5: N/A - Additional Campus Goals

Goal 9: OTHER UNMET (If applicable)

Targeted Support Measurable Objectives

Board Goal	Goal	Measurable Objective	Strategy	Description
1	1	1	1	Implement Guided Reading small groups daily using leveled readers with fidelity
1	1	1	2	Provide effective first instructions by ensuring that lesson plans will include instructional strategies to target interventions for Tier I students to meet the Masters Level.
1	1	2	1	All teachers, Prek-5th, will plan and implement effective small group lessons in literacy.
1	1	2	2	Targeted small group instruction, targeted workstation instruction, formative assessments, intervention pullout/push-in, Imagine Language and Literacy, home resources/support, parent communication
1	1	2	3	Train teachers and implement the district's Literacy by 3 systematic approach to guided reading through the key components - phonics/word study, guiding reading, small group instruction, sustained reading, read aloud lessons and writing instructions.
1	1	3	1	Focus on independent reading and comprehension skills with Tier II & III students with an interventionist at least 45 minutes weekly.
1	1	3	3	Focus on effective first instruction
1	2	1	1	Utilize the reading workshop framework to guide intentional instruction using Really Great Reading with an intensive focus on mini-lesson architecture and small group instruction.
1	2	1	2	Teachers will be trained to effectively use error analysis to plan for targeted small group instruction.
1	2	1	3	Implement a reader's workshop model to include mini-lesson architecture to provide instruction that is systematic and coherent.
1	2	2	2	Teachers will use conferring with students as a way to differentiate and prioritize students' needs in order to be more responsive in their instruction.
1	3	1	2	As a campus we will have a frequent active monitoring plan and meet after each assessment during data PLCs to discuss trends and adjustments.
1	3	2	1	Teachers will group students based on student current data needs based on Renaissance and Benchmarks.
1	3	2	2	Teachers will be trained how to do guided reading and other strategies related to students being able to decode text
1	3	2	3	Teachers will be trained on how to provide students with designated supports
1	4	1	3	Ontrack assessment questions will be used to teach students how to answer questions similar to STAAR 2.0
1	4	2	1	Teachers will group students based on student current data needs based on Renaissance and Benchmarks.
1	4	2	2	Teachers will be trained how to do guided reading and other strategies related to students being able to decode text
1	4	2	3	Teachers will be trained on how to provide students with designated supports
1	4	2	4	Identify and track student performance by TEK in order to provide targeted small group lessons, workstation activities and pull-out interventions.

Board Goal	Goal	Measurable Objective	Strategy	Description
1	4	2	5	Implement research-based effective and systematic instructional practices in mathematics that can be used to help students develop problem-solving skills and a strong foundation of number sense and fluency.
2	1	1	1	Teachers will participate in planned vertical alignment sessions to foster essential understandings of what students need to know and be able to do by the end of each grade level and align instructional strategies across grade levels to meet those needs.
2	1	1	2	Teachers will analyze unit/ objective assessment to drive and provide small group instruction to Tier II & III students for 6 weeks with weeks.
2	1	1	3	Ensure learning is based on defined standards. PLC meetings will involve a component to discuss standards to ensure appropriate content and rigor aligned with the HISD curriculum for Math
2	1	2	1	Identify and track student performance by TEK in order to provide targeted small group lessons, workstation activities and pull-out interventions.
2	1	2	2	Implement research-based effective and systematic instructional practices in mathematics grades K-3 that can be used to help students develop problem-solving skills and a strong foundation of number sense and fluency.
2	1	3	1	Teachers will utilize the Tier II & III data from Ren 360, previous STAAR data and/or other student data to identify students and implement an intervention plan to assist students performing below grade level.
2	1	3	2	All classroom teachers will provide personalized learning opportunities for students though guided math groups in order to develop strong numeracy skills.
2	1	3	3	Provide supplemental instruction/support/materials and timely interventions for ALL students, including but not limited to those who are in the targeted focus subgroup.
2	2	1	1	Teachers will provide effective 1st instruction
2	2	1	2	Integrate specific mathematical strategies with the timed practice
2	2	1	3	Students will use Zearn with as a supplemental educational component
2	2	2	1	Identify and track student performance by TEK in order to provide targeted small group lessons, workstation activities and pull-out interventions.
2	2	2	2	Implement research-based effective and systematic instructional practices in mathematics that can be used to help students develop problem-solving skills and a strong foundation of number sense and fluency.
2	3	1	1	Teachers will provide effective 1st instruction
2	3	1	2	Integrate specific mathematical strategies with the timed practice
2	3	1	3	Students will use Zearn with as a supplemental educational component
3	1	1	1	Provide targeted small group instruction, workstation instruction, formative assessments, intervention pullout/push-in, and Imagine Language and Literacy for identified Tier II and III Reading students, Amplify, and Zearn.
3	1	1	2	Differentiated Instruction - Teachers will scaffold instruction to better meet the needs of students.

Board Goal	Goal	Measurable Objective	Strategy	Description
3	1	2	1	Provide targeted small group instruction, workstation instruction, formative assessments, intervention pullout/push-in, Zearn, and Imagine Math for identified Tier II and III Math students.
4	1	1	2	Provide students with designated supports during first instruction
4	1	2	1	Teachers will utilize the TIER II & III data from REN 360 to identify SE students and implement an intervention plan to assist students with meeting grade level reading standards.
4	1	2	2	Identify and track student performance by TEK in order to provide targeted small group, workstation activities, and pull-out interventions.
5	2	1	2	Provide ongoing opportunities for all students to extend their nonacademic learning beyond the core school day
5	4	1	1	Students will receive interventions and accommodations tailored to their academic needs
5	5	1	1	Students will engage in data driven instruction small group by 100%.

Additional Targeted Support Measurable Objectives

Board Goal	Goal	Measurable Objective	Strategy	Description
1	1	1	1	Implement Guided Reading small groups daily using leveled readers with fidelity
1	1	1	2	Provide effective first instructions by ensuring that lesson plans will include instructional strategies to target interventions for Tier I students to meet the Masters Level.
1	1	2	1	All teachers, Prek-5th, will plan and implement effective small group lessons in literacy.
1	1	2	2	Targeted small group instruction, targeted workstation instruction, formative assessments, intervention pullout/push-in, Imagine Language and Literacy, home resources/support, parent communication
1	1	2	3	Train teachers and implement the district's Literacy by 3 systematic approach to guided reading through the key components - phonics/word study, guiding reading, small group instruction, sustained reading, read aloud lessons and writing instructions.
1	1	3	1	Focus on independent reading and comprehension skills with Tier II & III students with an interventionist at least 45 minutes weekly.
1	1	3	3	Focus on effective first instruction
1	2	1	1	Utilize the reading workshop framework to guide intentional instruction using Really Great Reading with an intensive focus on mini-lesson architecture and small group instruction.
1	2	1	2	Teachers will be trained to effectively use error analysis to plan for targeted small group instruction.
1	2	1	3	Implement a reader's workshop model to include mini-lesson architecture to provide instruction that is systematic and coherent.
1	3	2	1	Teachers will group students based on student current data needs based on Renaissance and Benchmarks.
1	3	2	3	Teachers will be trained on how to provide students with designated supports
1	4	2	1	Teachers will group students based on student current data needs based on Renaissance and Benchmarks.
1	4	2	3	Teachers will be trained on how to provide students with designated supports
1	4	2	4	Identify and track student performance by TEK in order to provide targeted small group lessons, workstation activities and pull-out interventions.
1	4	2	5	Implement research-based effective and systematic instructional practices in mathematics that can be used to help students develop problem-solving skills and a strong foundation of number sense and fluency.
2	1	1	1	Teachers will participate in planned vertical alignment sessions to foster essential understandings of what students need to know and be able to do by the end of each grade level and align instructional strategies across grade levels to meet those needs.
2	1	1	2	Teachers will analyze unit/ objective assessment to drive and provide small group instruction to Tier II & III students for 6 weeks with weeks.
2	1	1	3	Ensure learning is based on defined standards. PLC meetings will involve a component to discuss standards to ensure appropriate content and rigor aligned with the HISD curriculum for Math

Board Goal	Goal	Measurable Objective	Strategy	Description
2	1	2	1	Identify and track student performance by TEK in order to provide targeted small group lessons, workstation activities and pull-out interventions.
2	1	2	2	Implement research-based effective and systematic instructional practices in mathematics grades K-3 that can be used to help students develop problem-solving skills and a strong foundation of number sense and fluency.
2	1	3	1	Teachers will utilize the Tier II & III data from Ren 360, previous STAAR data and/or other student data to identify students and implement an intervention plan to assist students performing below grade level.

2	1	3	3	Provide supplemental instruction/support/materials and timely interventions for ALL students, including but not limited to those who are in the targeted focus subgroup.
2	2	2	1	Identify and track student performance by TEK in order to provide targeted small group lessons, workstation activities and pull-out interventions.
2	2	2	2	Implement research-based effective and systematic instructional practices in mathematics that can be used to help students develop problem-solving skills and a strong foundation of number sense and fluency.
3	1	1	1	Provide targeted small group instruction, workstation instruction, formative assessments, intervention pullout/push-in, and Imagine Language and Literacy for identified Tier II and III Reading students, Amplify, and Zearn.
3	1	1	2	Differentiated Instruction - Teachers will scaffold instruction to better meet the needs of students.
3	1	2	1	Provide targeted small group instruction, workstation instruction, formative assessments, intervention pullout/push-in, Zearn, and Imagine Math for identified Tier II and III Math students.
4	1	1	2	Provide students with designated supports during first instruction
4	1	2	1	Teachers will utilize the TIER II & III data from REN 360 to identify SE students and implement an intervention plan to assist students with meeting grade level reading standards.
4	1	2	2	Identify and track student performance by TEK in order to provide targeted small group, workstation activities, and pull-out interventions.
5	2	1	2	Provide ongoing opportunities for all students to extend their nonacademic learning beyond the core school day
5	4	1	1	Students will receive interventions and accommodations tailored to their academic needs
5	5	1	1	Students will engage in data driven instruction small group by 100%.

Title I

1. Comprehensive Needs Assessment (CNA)

1.1: Comprehensive Needs Assessment

Mading Elementary School's data reflects that the campus has regressed in Domain I, Student Achievement, increased in Domain II-Student Progress and increased in Domain III-Closing the Gap. The campus-identified needs include enhancing the Lexile reading level of each student and tier focus on small group instruction in math and reading. In addition, there is a need for grade 3, 4, & 5 instructional support for comprehension skills in reading and number sense and solving multiple-step problems based on Renaissance EOY-Year 2021-2022 scores and the 3rd-5th-grade STAAR scores. In addition, the first administration of the High-Frequency Word Evaluation revealed that 1st grade had more than 50% of the students fail the first administration. To improve student performance, there must be a more intentional focus on sight-word recognition in pre-kindergarten and HFWE in Kindergarten.

2. Campus Improvement Plan

2.1: Campus Improvement Plan developed with appropriate stakeholders

The SIP is developed with the involvement of parents and other members of the community to be served and individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals present in the school, and other stakeholders. Stakeholders were involved in the development of this plan in the following ways:

- Community/Parent Surveys
- End-of-Year Staff Survey
- Teacher Leader planning sessions
- Instructional Leader planning sessions

2.2: Regular monitoring and revision

Regular monitoring of the strategies funded through Title I occur in addition to the formative reviews required by this improvement plan. At our campus, regular monitoring of the implementation of strategies and students' progress includes:

- Weekly walkthroughs and observations conducted by Instructional Leadership Team
- Site Based Decision Making Committee Meetings
- Title I Parent Meetings

2.3: Available to parents and community in an understandable format and language

The SIP is available to parents in the following locations:

- Campus Website
- Link in Class Dojo
- Main Office

Campus (Parent Meetings) The SIP was made available to parents by:

- School Messenger ([link](#))
- School Newsletter ([link](#))
- Parent Meetings on Campus

We provide the SIP to parents in the following languages:

- English
- Spanish

2.4: Opportunities for all children to meet State standards

Mading follows the district mission of "to equitably educate the whole child so that every student graduates with the tools to reach their full potential". All programs are open to all students and those programs that are qualifying programs are open to all students who qualify. Title 1 funds, state funds, and federal funds will be used to enhance the overall curriculum and instructional needs of students leading to success on the state standardized tests.

2.5: Increased learning time and well-rounded education

All instructional time will be guarded, no students are pulled from direct, first instruction for tutoring, special ed services, or any other reason. Teachers will use the 30-minute intervention time to identify individual students' academic needs and work with students to help close the learning gap. Direct classroom instruction continues until the last bell of the day.

2.6: Address needs of all students, particularly at-risk

Mading has 43% of the student population categorized as at risk. Student progress monitoring begins in the classroom with the teacher on a daily basis. Struggling students are discussed in a grade level content area planning session weekly, and quiz, test, or REN360 data is shared and reviewed. All students in each grade level are assessed during data digs that occur after each benchmark and district/school assessment. Many interventions are offered including small group instruction, pull-out tutoring with an additional tutor or push-in by an additional tutor, one on one individual tutoring, tutoring after school, and camps that specifically target skill gaps in any student. Students are also provided with a 30-minute intervention daily per content area.

3. Annual Evaluation

3.1: Annually evaluate the schoolwide plan

All parents are invited and encouraged to attend multiple parent engagement events beginning with grade level open houses and Title 1 informational nights. At those meetings, parents are walked through specific information regarding the campus qualifications as a Title 1 campus, how the process works, the legal aspects, how the entire student body benefits from the funds, how the money is spent, and all of the ways parents can be partners and involved in their child's education. Feedback forms will be provided as is the engagement policy, and a special request is made for parents to complete and provide feedback. Later in the year, a parent survey is sent and feedback is reviewed and acted upon.

4. Parent and Family Engagement (PFE)

4.1: Develop and distribute Parent and Family Engagement Policy

The following individuals, including roles (parents, teachers, admin, etc.) will assist with the development of the Parent and Family Engagement Policy:

- Principal - Dr. Roshundria King
- Assistant Principal - Dinita Scurry
- Teacher Specialists - Rosa Codian
- Reading Interventionists- K. Matthews and G. Hemphill

SDMC Members

- Community Members-Sabrina Noble and Braxton Halliburton
- Parents - Alma Castaneda and Ottie Bell
- Business Partner-ZaMekiaa Jemison

The PFE will be distributed

- On the campus website
- Class Dojo
- Open House

The languages in which the PFE will be distributed include

- English
- Spanish

4.2: Offer flexible number of parent involvement meetings

Parents will be given the opportunity to attend meetings in the morning and at the end of the day. They will be provided with a meeting date on the school schedule each month. If they are unable to attend prescribed meetings, then they are allowed to set up a meeting time with the Title 1 coordinator.

5. Targeted Assistance Schools Only

5.1: Determine which students will be served by following local policy
