Title 1-
Lamar High School benefits from Title I federal funding. One requirement of this program is that all parents are educated around how the program works and the resources available within the school. Rather than host an in-person meeting that not all parents can access, we have posted the meeting recording on our website. Please complete the video and let us know you reviewed the information by completing the link.

You may find the meeting in English and Spanish at [https://www.houstonisd.org/domain/32667](https://www.houstonisd.org/domain/32667).
