

## MEMORANDUM

December 7, 2011

TO: Board Members

FROM: Terry B. Grier, Ed. D.  
Superintendent of Schools

SUBJECT: **OCTOBER 2011 HISD TAKS EXIT-LEVEL PERFORMANCE OF RETESTERS**

CONTACT: Carla Stevens (713) 556-6700

The Houston Independent School District (HISD) received the results from the October 2011 administration of the TAKS Exit-Level Exam. This was a special exam only offered to eleventh and twelfth-grade HISD students who had not yet passed each or any of the TAKS subtests (English/language arts, math, social studies, and science) during the prior administrations. Comparisons cannot be made to previous administrations as this was only for students who had not passed. The data presented provide a status report identifying the number of students by subject who still need to pass the TAKS to graduate. The next testing opportunity will be during the week of March 5–9, 2012.

There were 1,060 eleventh-grade students who were expected to be tested during the October 2011 administration of the TAKS Exit-Level Exam. Of these students, 934 were actually tested, 32 were counted as absent, and 94 were not tested due to other reasons. There were 1,919 twelfth-graders who were expected to be tested during the October 2011 administration of the TAKS Exit-Level Exam. Of these students, 1,761 were actually tested. Two Special Education students were not administered the exam because of compliance to federal Special Education laws as dictated through the ARD committee, 12 students were absent, and 144 were not tested for other reasons. The results from an analysis of the performance of students who were administered the exam at the districtwide and school levels are presented in the following summary and attached tables.

**Table 1** provides HISD student performance for the 2011 October TAKS Exit-Level exams by subtests, for grades eleven and twelve. The results are presented for the following demographic groups: all students, racial/ethnic subgroups, economically disadvantaged students, limited English proficient students, and those students served by Special Education. The districtwide results from Table 1 examine the number of eleventh and twelfth-grade students retesting on the October Exit-Level TAKS, the percent of these students that met the state's passing standard, and the number of students who failed to meet the state's passing standard.

### All Students-Eleventh Grade

- On the 2011 October administration of the TAKS Exit-Level Exam, 934 eleventh-grade students took at least one subject test. Of these students, 32 percent met the standard on all subject tests they took. These students have now met the TAKS graduation requirement. Conversely, 634 of those students tested still have failed at least one TAKS test needed to graduate. This compares to 670 juniors not having passed TAKS at this time in 2010.
- The highest passing rate for all eleventh graders was in social studies at 75 percent followed by English/Language Arts at 59 percent. The lowest passing rate for all eleventh-grade retesters was in mathematics, where 36 percent of the students assessed met the passing

standard. Mathematics also had the highest number of retesters with 693, followed by science, with 640.

\*Numbers masked when fewer than five students tested.

#### All Students-Twelfth Grade

- On the October 2011 administration of the TAKS Exit-Level Exam, 1,761 twelfth-grade students took at least one subject test. Of these students, 33 percent passed all subject tests they took. These students have met the TAKS requirements for graduation. Conversely, 1,185 of the seniors tested still have failed at least one TAKS test needed to graduate. This compares to 1,138 seniors at this time in 2010 not having passed TAKS.
- The highest passing rate for twelfth graders was in social studies where 78 percent of the 389 students assessed met the passing standard. The lowest passing rate was in mathematics, where 39 percent of the 1,146 twelfth-grade students assessed met the passing standard. After the October 2011 retest, 696 seniors still have not passed the mathematics exam, and 592 have not passed the science exam.

## Results by Number of Tests Taken

Districtwide results for eleventh and twelfth-grade students by the number of tests taken for the October 2011 Exit-Level TAKS retest are presented in **Table 2**.

| 12                 | 4                    | 268               | 105          | 39                 | 163              |  |
| 12                 | <b>Total</b>         | <b>1,761</b>      | <b>576</b>   | <b>33</b>          | <b>1,185</b>     |  |

- On the October 2011 exit-level retest, 319 of the 934 eleventh-graders tested only took one subject test and 47 percent met the passing standard. Of the eleventh-grade students who took two or more tests, the percents passing ranged from 14 percent to 30 percent.
- For twelfth-grade students, 925 of the 1,761 seniors taking the October 2011 exit-level retest only took one subject test, and 43 percent met the passing standard. Of the twelfth-grade students who took two or more tests, the percents passing ranged from 13 percent to 39 percent.

## School-Level Results

School-level results for eleventh and twelfth-grade students for the October 2011 Exit-Level TAKS retest are presented in **Table 3** (see attachment). The passing standard for retesting students is the state standard that was applicable on the exit-level test during the student's first attempt on the test. The school-level results include the number taking, the percent passing, and the number that did not meet the passing standard for each subject.
