Building Updates-SAFETY

HISD continues to look at safety as a priority for our schools. There was an online survey regarding the use of metal detectors. Installation would be based on schools that have been identified as priority. Installation on Tier I locations are schools where weapons have been found on campus at a higher rate. The second group of schools, would be set up for installation of metal detectors will be known as Tier II schools. NOTE: Waltrip is NOT included in either Tier. (Metal detectors will be paid for by a \$3 million grant, but the grant does not pay for the personnel to monitor the detectors)

The option of clear backpacks was suggested for Waltrip beginning next Fall.

The Waltrip Safety Committee continues to meet on a regular monthly schedule.
