- Draft Bell Schedule
- Planning for 2021-2022
  - Academic Needs by Department
  - School Culture Needs
  - School Improvement Plan

Next Meeting: June 3, 2021

### Meeting Notes:

#### Custom Waiver: Promotion Standards Waiver of Local Board Policy EIE (LOCAL)

For all students promoted mid-year under this waiver, each student was identified as at-risk due to overage status, participating in a year-long accelerated instruction program, earning an average of 70 or above in each core course, and assigned to take the STAAR test in their new grade level.

**Rationale:** This waiver benefits our at-risk students who are overage. We are providing additional supports for students who would benefit both academically and socially from promotion. Students attend school on Saturdays and stay after school four days a week to take additional courses on Apex that are required for promotion. Without successful completion of the program, students are not eligible for promotion.

**Metrics of Success:** Student grades, STAAR scores, and anecdotal observations from their teachers are taken into account to measure success for each student.

### Follow-Up Items:

- 1.
- 2.
- 3.
- 4.
