MINUTES TAKEN BY:

Colleen Schmidt

MINUTES PUBLISHED BY:

Ramon Moss

Topics Covered:

The meeting commenced at 8:01 AM.

Regarding CVHS's current **budget**, 75% of funding was frozen (taken) from our major budget. One account with more than \$100,000 is now down to 27,000. Pro Cards will be turned off Monday March 21st. It is possible that some orders that were put in and were not processed will not be completed.

CVHS will receive approx. \$98,000 w/ 35% of our current population identified as economically disadvantaged. Although 40% is required to be fully Title 1, CVHS is considered **Targeted Assisted** for the 2022-2023 school year.

UIL One Act Play advances to bi-district!

VEX state champions! →

While some campuses may be significantly impacted next year, CVHS appears secure with HISD's Full Time Equivalency (FTE) **staffing model**. (Side bar: Schools previously used funding to determine staffing; now HISD has indicated a specific staffing based on enrollment).

*Employee of the Month
Karla Sanchez*

Major **projects** include gym floor replacement and an electric gate install at the garage entrance/exit. Mr. Moss will attempt to recoup funds pending contracts/ / work orders.

District champs Boys Basketball club

Possible future **activities**: a zoo trip and field day (one in cycle 5, one in cycle 6). Cycle 6 is greatly preferred based on Advanced Placement exam dates and a significant majority of cycle 6 available after AP exams.
