## ITEMS DISCUSSED

### TES Webinar

SDMC members participated in a review of the recorded Teacher Excellence System (TES) webinar, gaining valuable insights into the system's components, objectives, and implementation strategies.

### Additional Resources

To support their understanding, SDMC members were provided with a concise one-pager overview of the Teacher Excellence System. This document served as a quick reference guide, summarizing key elements of the TES. Additionally, members reviewed a comprehensive FAQ document, addressing common questions and clarifying details about the system.

### Framework Options

The members examined five distinct framework options, delving into the context, objectives, and implications of each. Through collaborative discussion, they explored the potential benefits and challenges associated with each framework, considering how they align with campus goals and instructional priorities.

### Campus Vote and Submission

After a thorough analysis and group discussion, the members cast their votes, ultimately selecting Option C. They provided detailed feedback to accompany their vote, highlighting their rationale, concerns, and suggestions for further refinement.
