## **SDMC MINUTES**

### Members Present -

Meagan Edwards, Felicia Thompson, Brianna Stubblefield, Rosa Castro, Amy Villanueva, Kenneth Dupre, and Charnele Harris.

- I. Increasing Parental Involvement – ESL classes with a community partner, Tech trainings with community partners, virtual content nights, Loteria Night (virtually), parent workshops monthly, field days, Coffee with the Principal monthly, Title meetings, re-engage PTA, increase parent engagement on Social Media.
- II. Budget Projection – PUA cut of \$123 has not been Board approved yet but would be about \$70K impact to the next school year's budget. No positions had to be closed due to PUA cut projection, but we did close the vacancy in a Clerk and can close a PK Bil (Cantu) if needed as no students were on that roster.
- III. Staffing Changes – We hired a teacher for the ELA 1<sup>st</sup> position and we still need of 1<sup>st</sup> Math/Science so reach out to teachers who may want to transfer in Open Transfer which opens Monday, April 26.
- IV. HB3 Reading and Math Plan – data is looking good for progressing students to our campus goals in reading and math, summer Math academies for third are forthcoming and closing out of Kinder/Sped for Reading Academies.
