The Shared Decision-Making Committee (SDMC) meeting began at 3:45 PM. Members and guests are indicated on the sign-in sheet. Mr. Heinze started the meeting by explaining the make up of the Shared Decision-Making Committee. He explained that there will be quarterly meetings – September, December, March and then May.

The School Improvement Plan (SIP) was then shared. We discussed the Executive Summary of the SIP; a one-page summary presented to the HISD School Board. The entire SIP is reviewed by the West Area Office. It is a “living document” and will be reviewed 4 times during the school year.

The school non-salary budget was shared with the SDMC. The budget was broken up by fund. This showed how much was being spent in specific categories. The budget shows pre-k tuition amount lower than the collected amount. Mr. Heinze stated he would find out why there is a discrepancy. There are 6 tuition students in Pre-K that must pay through SchoolPay.

PTO asked if funding for programs could be out of school budget and currently, we are waiting for final budget, after October 26th. Funds will be spent for Computer Carts, Smartboards and IPADS.

SDMC ended at 4:30PM

Thank you

Peter Heinze
Principal
