CVHS SDMC Meeting Minutes

VOL. III, ISSUE IV

APRIL 16, 2019

Topics Covered:

The meeting commenced at 8:05 AM.

The freshman intake for the 2019-2020 school year is 275 students with an anticipated school **enrollment** of 875 or more. Hiring for several positions will include AP Seminar and English Language Arts. Latin is being phased out after next year.

A topic was raised in regards to **teacher notification** of weapons on campus. The previous occurrence was technically on HISD property but outside the campus gates. Officer Fyles followed protocol according to HISD's police dept. When the weapon was discovered, the

threat was contained. Officer Fyles will inform CVHS administration which, in turn, will share appropriate information with faculty, staff, students, and parents. As Officer Fyles retires in May, the protocol will be shared with the new hire.

One of the **waivers** discussed was a pass/fail option for extracurricular and multi-year courses. It was noted that awareness of this waiver did not previously exist. Mrs. Rossmiller indicated attempt to engage in this option in the past, but was told it was not possible. She inquired about the validity of the waiver because it is a surprise to her.

Kudos to Mr. Parker, Mrs. Schulze and stu-

dents for our newest art installation!

The CVHS administration considered the STAAR test **opt-out** as possibly detrimental since results of potential few testers might negatively impact the school rating. Concern was noted that parents were already aware of the ability to opt-out.

If any **future SDMC meetings** are needed for this current year, options are in-person or virtual (via email).

Meeting adjourned at 8:30 am.
