Houston Math, Science and Technology Center
School-Parent-Student Compact
2017-18

The programs of Houston Math, Science and Technology Center are designed to develop each student's full potential for academic growth, emotional well-being, health and physical fitness. Recognizing that this cannot be accomplished in isolation, the home and the school must partner to help students become effective citizens in the global society in which we live. Therefore,

Students will:

- Report to class on time every day prepared to learn with the appropriate technology.
- Demonstrate their best efforts on class assignments and projects.
- Complete homework in a timely manner and to the best of their ability.
- Respect the diversity, personal space and property of others.
- Respect and cooperate with all adults in the school.
- Spend time reading daily.

Parents will:

- Talk to their students about school and homework assignments daily.
- Help their students meet their responsibilities.
- Communicate with teachers about their student's strengths and needs.
- Attend parent conferences and student activities.
- Ask questions of and make suggestions to the school staff.

School Staff will:

- Provide a safe environment that is conducive to learning.
- Provide a challenging academic environment to help students reach their full potential.
- Provide highly-qualified teachers who are well-prepared and equipped with strategies that will make learning interesting and relevant.
- Provide student progress reports to parents regularly.
- Communicate with parents in a language they can understand.

Alan Summers, Principal
