

Theatre – Pathways/Alignment: High School 2021-2022

Per Texas Administrative Code, TAC §74.12(b)(7), in high school, each student must complete one credit in fine arts.

Per Houston ISD School Guidelines: “The school district must offer the courses listed in TAC §74.3(2)(H) and maintain evidence that students in grades 9-12 have the opportunity to study fine arts by taking courses selected from two of the four fine arts areas (art, music, theatre, dance).

All high school students must complete one credit of fine arts (art, dance, music, theatre). This requirement can only be met by one full credit in the same discipline. One credit means two full consecutive semesters of one course. Students may not combine ½ credits of different disciplines to equal a full course credit.” (Houston ISD School Guidelines)

A student may earn credit by taking any course listed in the fine arts TEKS. Innovative courses are for elective credit only.

A full list of courses for Theatre in High School (complete with course codes) can be found on page 7 of this document.
