

Enrollment Update

603

Campus Improvement Plan

State of the School

We are starting to do common assessments every 3 weeks, so we can be more aware of our instructional gaps and targeted students.

Although we are not required to pay the money back from low enrollment

Budget is approximately \$160,000 shorter than we planned

Attendance is Killing us.

A lot of money on subs and hourly interventionist

PTO is growing but we really need to support them more

Vacancies: 2 TAs onboarding; 1TA Vacancy

New HISD Update

In January we will find out who is NES next year (D or F from 2022-2023 STAAR)

Google Sheet Concerns

The lack of lights surrounding the school campus after 5:30/6pm. The parking lot is completely black and hard to see (safety issue). I think may contribute to the lack of attendance of parents at events because the school appears closed.
