Steps to Taking Notefacts

These are directions to help you take notefacts for your IIM using the Notefacts pages. If you follow these steps, you will be on the way to becoming a good researcher.

1. Each resource you use will have its own number. Write that number in the large magnifying glass and on all the small magnifying glasses on your Notefacts pages.

2. Record required information for your bibliography on the solid lines.

3. Now you’re ready to take notefacts. Agent IIM calls them notefacts because they are short (notes) and true (facts).

4. Notefacts should be:
   - Written in your own words
   - Short but complete enough to make sense
   - Related to your goal setting questions
   - Written between the dotted lines — one notefact per space
   - Documented by page number

---

**THE LAND OF THE HIN**

By James Harr

End of the Colorado River, west of the Grand Canyon and the United States. The Navajo created a new country for their homes, their families and their work. They keep between two mountain ranges. They are known as the Hopi. They have lived here successfully for hundreds of years. They have a large population of people who live on the high or mesa. The mesa has been formed by a series of cliffs. Some may rise as high as 11,000 feet.

These stories, the Hopi people make them in form of song and poetry. These are known as songs. They are sung by their children. They are called Pueblos. The mesa is called the mesa. The mesa is made of sandstone and other rocks. The mesa has a large population of people who live on the mesa. The mesa is made of sandstone and other rocks. The mesa is made of sandstone and other rocks. The mesa is made of sandstone and other rocks.
