

## Lexile Reports – Number of books that are lexiled

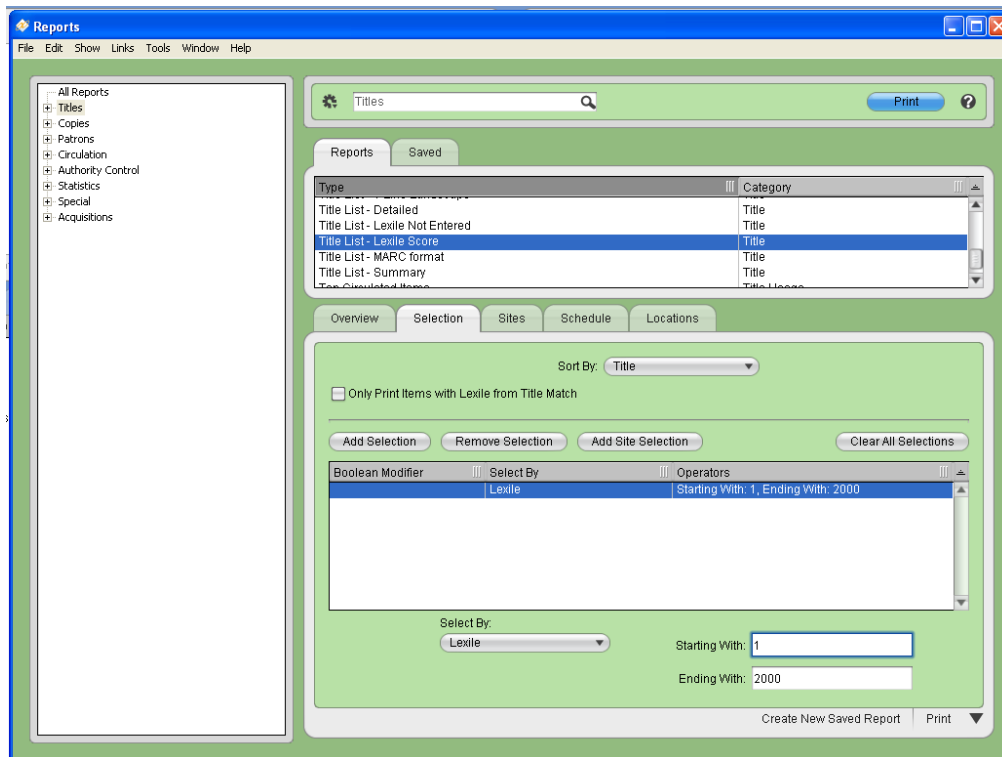

### How many books are lexiled in my collection?

After you have run the lexile import utility, you can run a report to see how many books are lexiled in your collection. To run this report :

Go to Tools → Reports → Titles  
In the middle, choose **Title List – Lexile Score**  
Sort By: **Title** or **Lexile** or **Title Call Number\***

\*Choose your sort according to your needs.

This will allow you to print a list of all Lexiled books and the actual Lexiles score in the report. On the last page of the report, you will see total of the number of titles lexiled.

The lexile report utility should be run once a month in order to download any new title lexiles that may become available. We suggest running this utility on the 2<sup>nd</sup> Tuesday of every month.
