Student Name: _____

Homeroom Teacher: _____

Dear Parent or Guardian:

Our school is participating in an "in-school field trip" on _____ to educate students on the safety of in-line skating (commonly referred to as rollerblading) and also to teach them the basic skills necessary to enjoy in-line skates. The program emphasizes how to **Skate Cool by Skating Safe:**

- by wearing preventive safety gear (helmets, wristguards, elbow and knee pads),
- learning various ways to stop,
- remaining in control (speed and balance),
- following the "rules of the road", skating alert, skating legal, and skating courteous.
- skating on appropriate surfaces,
- learning how to turn to maneuver around obstacles

In-line Skating 101 provides the skates, helmets, wrist guards, elbow and knee pads, to each student at a cost of \$10.00 for days of instruction. The skates will be used in the school's gym or in a restricted area under the supervision of the P. E. Instructor(s).

For your child to participate in the program, please read then sign below and return with \$10.00 cash.

I realize the responsibility involved in learning a new recreational activity. I have discussed this with my child and have made him/her fully aware that:

- 1) all safety equipment must be worn,
- 2) he/she must follow the instructor's directions,
- 3) to not endanger fellow classmates while skating.

Having discussed this, I release In-line Skating 101, the school district, administrators and instructors from liability for any and all injuries or claims arising out of the use of in-line skates and related equipment.

Students need to bring a hat to wear under the helmet (shower caps will be provided for those forgetting) and calf-high thick socks or an extra pair of socks.

The skates provided by In-line Skating 101 are well maintained and meet safety guidelines for the school district. Because of liability and possible loss or theft of personal items, In-line Skating 101 equipment must be used. Please contact your child's P.E. instructor if you have further questions.

Sponsorships Needed

We would like to be able to provide skates for all youngsters regardless of their ability to pay. If you would like to include additional funds to cover your child's skates as well as those for a youngster who might not otherwise be able to skate it would be greatly appreciated.

Total amount including sponsorship:
