Magnet Program Auditions

Welcome to Dance!

The mission of the Ortiz Dance Department is to give students a well-rounded dance education. The dance department focuses on training students in ballet, modern/contemporary, and jazz technique. We emphasize the importance of safe dancing by making connections between dance and science. As a part of our curriculum, dancers are given multiple opportunities to perform, choreograph, and learn production elements (lighting, costuming, and stage managing). While previous dance experience is welcomed, we encourage any students that have a passion for movement to audition.

Audition Requirements:

Please complete the google form using the auditioning students HISD email. Each submission will be adjudicated using a rubric. Students that have been admitted into the program will be notified in January.
