Meeting called to order at: 4:15 p.m.

Principal Austin discussed the following:

REVIEW OF LAST ASSESSMENT DATA:

- TEA Practice Exam released three times a year
- Ms. Robinson joined SGA as an ELAR teacher and she will focus on specific reading, adaptive reading
- Student Performance Measures – Teachers were required to complete the Student Performance Measures in the AIMS portal. Reviewed Texas for TEKS reading comprehension, as Reading comprehension was the only area tested last year.
- Students will be tested on revising and editing, extended constructed response, and short constructed response.
- 6th grade performed low, consisted with last year's priority TEKS. Data for the new item types could not be compared, because these item types were not tested last year.
- 7th grade – Performance on Vocabulary and Context Clues – there was improvement in these two areas.
- 8th grade- An area of opportunity, vocabulary, revising and editing TEKS. Ms. Spates will address TEKS 8.6 making connections.
- Social Studies – 2nd Interim data is on the left of the Powerpoint slide. It compares Campus Formative Assessment data and Interim data. Students will review key concepts of Exploration and Colonization.
- 850 students were assessed on the Interim Assessments.
