III. Notes

Future bell schedules – The SDMC advised to start our school day at 8:45 am to accommodate travel from the partner schools. Updated construction – Ms. Lewis question asked about water for mani/pedi stations. Discussion of ideas for attendance incentives: Need to announce for Tomorrow – April 2 through last Friday of April. How do we get the other students to notice the incentives – maybe invite the class to come and everyone sees what is going on. Every class that has 95% gets...develop ideas and share out with faculty next week.
