Elliot Lockett	Teacher Specialist
Yvonne C. Meadows	Teacher Specialist
Kimberly Kiser	Assistant Principal
Deborah Cano	Secretary

What do you think about Progress Monitoring? We do not have time to teach. Guided reading is progress monitoring. Guided Reading needs to move more
A PLC where everyone does an at bat running record.

Cultural Update- Shout out to members for AMA and Ancillary Teachers for the programs.

Shout out to Mrs. Matthews -PreK team was the first team to submit in school clubs.
All classes should have a club. Survey the kids to find out what they want. Something fun and engaging. 1st Grade has made over \$800. PTO will help make the money. Handy Dandy page for PTO money. PTO membership fee of \$5 is the grade level money. Please submit grade level request for clubs. They may collect through the year.
Hallways are not looking as good as the beginning of the year. Everyone is running and jogging. I do not want to be running and jogging on a hamster wheel.
Morning meetings and circles need to keep going.

SDMC glows and grows anything that needs be addressed
Dr. Miller went quick through the agenda.
Explained concerns in the budget. Transparency
Grade levels team members concerns- kids not being held accountable for behavior.
We don't love the kids.
Reasonable exceptions set.

Narrowing our focus.

Concern:3rd grade Tier 3 students pull outs. Extra help... maybe a parent volunteer to help with pull outs .Need more help.
Communication of last minute event. Field trip for Vision Partnership. Clubs information, different times, different days,
When will Math pullouts start?
Tuesday Folders last minute.
Behavior what are next steps? Students behavior is interrupting other students. (bullying)
Some students need more counseling.

Communication- Miller apologizes for the communication lack. But Teachers please read what is communicating

Fall Festival- donation paper turned in late. Only 2 days to get materials. Teachers are scrambling. Can we make exceptions??

Ancillary asked to post stuff on Dojo pages.

Tuesday folders got to go out. They must go out every single Tuesday.

Discipline, yes, we need more pullouts for counseling. Ebel needs to pull out more for counseling.

Working with Diamond to support behavior students. Mission Possible will help.

Rewards for children that are doing right. Teachers should be giving out rewards. No evidence it is happening campus wide. Classroom store. Consistency.

Idea Matthews- Dead week for Teachers. No deliverables! Let them Teach!! Miller get together with their team. Submit the week they would like to have.

C. Williams like to make a request consider Teachers, Students and Parents. Keep them 3 in mind.

Leadership will always talk with Teachers before making a decision.

No Christmas programs. Idea K-2 one day 3-5 another day. No work that day. Stations will be put up, music, games, food.

Winter wonderland Day
