

Reginald Bush, Principal

SDMC Meeting Minutes

October 3, 2017

Achieve 180 Pillar 6. The campus will improve its communication on all newsletters and outgoing communication via mail and telephone. The communication will be in both languages. The committee agreed to make sure we have more ongoing conversation with all parents around the services they would like to see for their students.

The parents will have full access to the curriculum by coming to the campus and logging onto the website with assistance from the guidance counselor.

Wrap around support services, supported by ProUnitas and Darrian Dawson the ProLink will partner with all parents to make sure all the essential needs of students and parents are ongoing. The committee agreed to make sure all parents and students know about the monthly meeting for the community council meeting.

Parents were asked to be a part of the FACE campus walk to make sure there is equity for all students throughout the campus. Parent empowerment was discussed. The posing questions were: What does empowerment entail? How often should the parents and campus collaborate? What is our next level work to make sure parents are aware of the instructional accountability? How do we expose the parents about our curriculum?

Uniforms, food and water services were addressed by Ms. Jennifer Polk Davis to make sure the hurricane relief efforts will be ongoing and continuous. Ms. Davis will continue to build partnerships with parents and community organizations to make sure students are supported continuously.

Mentor services were discussed by a parent Malik Ingram. The program is a minority male initiative to increase academic achievement through the lens of building esteem and confidence. The committee identified a need for our male students by looking at the current trends around data for male students. The initiative and the program is named "Recreate Me"
