

SDMC Minutes

Thursday, April 21, 2022

- **2022-2023 Budget projections**
The budget projections for next year will be based on enrollment. We are looking at a lower-than-normal enrollment, so we will have to make some changes. We will be looking at using a small school subsidy that HISD provides as well as Title 1. We still want to have UIL sports, but we will need to see what our campus can afford. Our goal is the make the best decisions for our students and out campus.
- **Master schedules**
The campus model online is based on 7 class periods. Teachers stated five classes was desired. Six classes allowed for interventions that HB 4545 required. We will still need to provide these intervention periods for HB 4545 next year.
- **Suggestions, Concerns**
Concern was brought up about how many enrichment classes students will have with a 5 vs 6 period schedule.
- **Questions and Answers.**
No questions, meeting adjourned.
