

**South Early College High School
STEM Advisory Board Meeting Agenda
March 8, 2018**

MINUTES

The meeting was called to order at 6:00 pm. by Dr. Simmons, welcoming everyone and having everyone introduce each other.

We reviewed the action plan. Items of particular concern to the board included improving the awareness of designations among the faculty and staff. Mr. Stear will include additional training for faculty and staff in our designations during pre-service next year.

We discussed the fact that our designation will be changing from dual designation as ECHS and TSTEM, to Industry Cluster Innovative Academy (ICIA). We discussed the fact that the state does not offer the dual designation any longer, and we will therefore apply for an ICIA planning year for next year.

The board decided to meet next fall, at a date and time to be determined.

The meeting was adjourned at 7:30 pm.

Jeffry M. Stear
Magnet Coordinator
