

Northside High School SDMC Agenda

November 7, 2018

1. Review and approve minutes from August Meeting
2. Old Business
 - a. Student Handbook update
 - b. Committee updates
3. New Business
 - a. What type of PDs would teachers like to see planned for early release days?
 - b. Building Access: Nonworking keycard readers (outside the "new" new wing (G area) by the banquet room)/ Is the door to the new wing (from ROTC) still locked? (Key reader not working for staff, and students cannot get throughout the day without someone opening the door)
 - c. Is there a plan for rainy days and lack of covering between buildings? (laptops are being damaged, students are getting sick)
 - d. Teachers are having issues with access to copiers and paper. (Sept)
 - e. The New Wing does not have a teacher bathroom or an area to eat, heat up food, or store food for lunch.
 - f. Limiting future Master Schedules to include no more than 2 preps for teachers of core subjects. An English or Math teacher, especially who is teaching a STAAR tested subject, should not have 3 or 4 teaching preps and additional duties on top of that. This could be a part of the SIP to improve test scores or teacher retention.
 - g. What are the key cultural issues that we seek to improve on our campus?
 - h. Instructional Foci for 2018-2019: 1. Writing across curriculum, 2. meaningful instruction/real world connections
