BRK-8 PARENT AND FAMILY ENGAGEMENT POLICY 2020 - 2021

Research shows that high student achievement and self-esteem are closely related to positive parental participation in education. Therefore, BRK-8 is committed to working with the parents and families of our students to foster high academic achievement and the social and emotional well-being of our students.

BRK-8 receives Title 1, Part A funds and develops a Parent and Family Engagement Policy that is distributed to parents and family members in a language that parents understand, to the extent practical. Our Parent and Family Engagement policy establishes our commitment to fostering parent and family engagement and explains how we implement specific parental and family engagement activities.
